City Council News:

Speeding

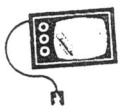

Council discussed letter received at September 11th meeting regarding request for reduction in speed limit on Lime Street. Deputy was present at the meeting, explaining that a residential area is 30 mph whether or not it is posted. Posting a lesser speed zone would not be enforceable since this is only allowed in school or trailer court zones. Suggestion was made to place "Children at Play" signs in strategic areas. Concern was voiced concerning Fourth Street also, where it was said to have become a race track. Suggestion was made to post similar signs in this area. Motion was made and carried with all ayes to place signs on Fourth Street, Diedrick Drive and Lime Street.

City Engineer

Jeff Roos of McCombs Frank Roos Associates introduced Chuck Eberhard who is replacing James Bullert as City Engineer.

Cable T.V.

Mike Kazma from Amzak Cable purchased the Carver/Scott United Cable Television Company. He requested approval of certificate. Since the city did not have a franchise with the company, there was a decision not to sign. Wording was changed. Motion was made and carried to omit the word, 'franchise' and sign the certificate.

Sixth Street

Public Works Director and Administrator advised that Carver Water and Soil Conservation District is requesting funds for the city to help redesign Sixth Street to help solve drainage problems and widen the street. Motion was made and carried accepting district's proposal.

Fourth Street

Citizen discussed drainage on Fourth Street and the new ditch. Allegations of gullies running through the field were presented. Request was presented to have field road placed from the road for access from the east end. Administrator commented that planting crops parallel to street would prevent erosion. The Soil Conservation District will be conducting a survey in fall. A field road would require a culvert so as to not hamper drainage. Motion was made and carried to have engineer research placement of a road.

Frey reported that Fourth Street near Diedrich Drive will be blacktopped the week of September twenty-fifth.

Youth Development Values Task Force

St Nicholas church presented a video on the Youth Development Values Task Force Committee on teaching children values. Request was made to approve resolution prepared by the committee. Motion was made and carried adopting resolution stating values of Citizenship, Environmentalism, Generosity, Human Worth and Dignity, Integrity, Learning, Respect for others and responsibility be promoted as guidelines for all members of this community.

Mt. Hope Road

Public Works Director Frey received estimate on work for Mt Hope Road to connect homes to water system. Cost equals $ 5,600. and a hydrant would be an extra cost.

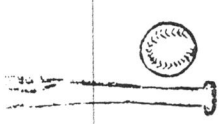

Councilman requested in writing on issue regarding ditch work on road. Work had been approved and a written quote was not used.

Railroad

Council discussed retaining the rail road tracks for city use. A steam engine by the water tower was discussed. A contact in Annandale has engines. Administrator suggested forwarding letter to the railroad company. Motion was made and carried to contact the rail road regarding tracks and land.

Park Complex

Update of the park complex development was questioned. The mayor stated that the city's agreement with the Black Sox for development was that the city's involvement was to help pay for land and Black Sox's responsibility in development. Motion was made and carried requesting update on development.

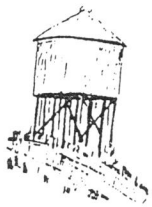

Proposed Subdivision

Council was updated on proposed subdivision. Preliminary plat was reviewed by the Planning Commission. The subdivision has been named 'Country View Heights'. A problem arose concerning a piece of land within the development which is owned by a third party not involved with the project.

Clean up

Property had not been cleaned up yet after the controlled burn of a house within the city. An agreement is in place whereby, if property was not cleared, the city would take care of and bill property owner. An estimate to do this work had been gotten. It was said that clean up cost should be submitted to the auditor for collection on taxes. Motion was made and carried to get bids for clean up. There was also discussion of a well which is a separate issue.

Municipal Utilities

Two citizens confronted the council about drainage problems due to construction of utilities projects. This issue was presented to the council previously. Hydro Engineering refused to haul a load of fill in that area. A bid had been obtained for a load of dirt and an asphalt curb. However, costs charged to the homeowners was not considered fair since it was due to construction. City Administrator was to check into the situation and return with suggestions how to proceed. Motion was made and carried to have dirt hauled and the Engineer to review the area and return with a recommendation.

Motion was made and carried adopting resolution authorizing certification of delinquent water and sewer bills to Carver County for collection on property taxes or by lien claim. Motion was made and carried authorizing forwarding of letter to delinquent utilities users of the city's intentions.

Motion was made and carried to table action regarding Dauwalter's bid for Mt Hope Road water hook-ups until a written bid is received.

Letter has been received from the Power Commission stating that utilities are assigned specific service areas. To change this requires notice, hearing and adequate reason for change in service. Motion was made and carried directing City Administrator to forward letter requesting change.

Report was given of a drop in volume of water coming out of the well. The cause has not been determined, but being carefully observed.

City Administrator reported on the Corps of Engineers' recommendation for Close-Out of the sewer project and the city has requested a Change Order be submitted for a gauge which was not installed at the pond site. The MPCA (Minnesota Pollution Control Agency) stated that is could not be submitted since the omission was not noted at the final inspection meeting. A joint meeting between the MPCA, Corps of Engineers and the city should be requested to resolve the problem. City Administrator was directed to respond to the MPCA regarding the gauge.

Mt Hope water hook-ups were discussed later in the meeting. Dauwalter presented a written quote for materials and labor for seven water hook-ups. Bottom line cost is $ 7,350. Motion was made and carried approving work per estimate. There was further discussion regarding any help from Frey which might reduce the cost.

Council was updated on the lawsuit for damages as a result of sewer back-up. The case has been settled out of court at a $ 250 cost to the city.

Frey report that Lenzen is readying to run water for his new home. A large enough line to service another prospective home across the street has been considered. However, Frey contemplated that water for this building site may come from another direction.

Council discussed the purchase of Hartung property. Attorney requires a signed purchase agreement. However, owner is reluctant stating such a document causes unnecessary legal fees and the city has his word. An additional problem with the sale is the loss of the abstract which would cost an additional $ 500 to reconstruct. Request has been made to check files for availability.

Trivia Questions

1) What character did Frank Fontaine portray on "The Jackie Gleason" Show?
2) What brand of chocolate bar did Arnold Strang push?

10) How much did the tickets to Woodstock cost?

Nuisance Ordinance Violation

Citizen reported steps taken to comply to council's request for clean-up. A kennel license is required. Neighbors were also present at the meeting to discuss the problem. An assessment of the situation and then a schedule of reparation of the problem was decided by motion.

Complaint was also voiced regarding parking large sanitation trucks within the city, and concerning property owner in violation of several nuisance ordinance issues.

Zoning Violation

Citizen reported to council to discuss travel trailer parked in city limits. Citizen was unaware of intentions to reside in trailer when asked about parking on property. Upon notification of violation, request was made of removal. The trailer has been moved out of city limits.

Disclaimer
