November 1990

Number #eighty-two

Villager Tower

Carver-on-the-Minnesota

On November 15th, Pam Larson of Carver-On-The-Minnesota informed the council of an upcoming fundraiser scheduled for December 9th. Country Christmas is the title with plans for house tours and local crafters throughout the different homes which will also be decorated for the holidays. (See additional insert for more details.)

Weight Restrictions

Citizen inquired at the November 5th meeting about weight limits on residential streets. Resident has several utility type trucks and a sanitation dumpster parked on street and driveway appearing not to be utilized. Council referenced Zoning Ordinance and suggestion was submitted to forward a letter regarding the situation.

Software

City Attorney presented request for approval to purchase interoffice modem in order to send information to the city's computer from his computer. Attorney would purchase the software. Question was asked if the Modem would be better than a Fax Machine. Response was given that a Modem may not be better but it was more affordable since the cost would be between $ 100 and $ 150.

Salaries

Motion was made and carried to increase council salaries. New salary increases are: Mayor, $ 75, Councilmember $ 50 per council meeting and $ 30 for other meetings, such as Planning Commission, Park and Recreation, etc.

Abandoned Vehicle Ordinance

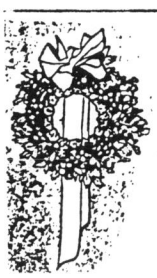

Attorney informed the council of developed Abandoned Vehicle Ordinance for consideration. Mayor questioned if a separate Public Hearing was necessary or if it could be incorporated into the overall recodification process.

Citywide inventory of abandoned vehicles had been conductd. Current ordinance allows longer length of time for offenders prior to city action than is acceptable. Sheriff's office prefers a more streamlined process. Motion was made and carried scheduling

Public Hearing at 7:00 PM on December 3rd for proposed Abandoned Vehicle Ordinance.

Clean up

Council discussed the clean-up project regarding property on Fourth Street. One councilman expressed discontent that owners had done work on the property after date of city's plans to clean-up. Council is not happy with how the property looks or the length of time it took to clean up. Question was asked if court order had been gotten why can't clean up be pursued. Attorney explained that the property has been made safe and that's the intention of the law. Second opinion of another building inspectors was proposed, city engineer inspection was suggested and Carver County Department of Health and Safety was also suggested. Administrator suggested establishment of an Advisory Committee. Councilman Hunter was appointed to the post.

Recycling

Administrator discussed recycling topic. Aagard's and Carver County representatives discussed the issue with the council. An ordinance has to be developed. Motion was made and carried to place a recycling bin pick-up at the Village Hall on a Saturday. Councilman Antoni will man the project.

Commercial Rehabilitation Loan Funds

Public Hearing was opened for the Commercial Rehabilitation Loan Program. Motion was made and carried with roll call vote adopting Ordinance # 99, an ordinance Amending the Municipal Commercial Rehabilitation Loan Program. Motion was made and carried to publish summary version. Motion was then made and carried adopting resolution ratifying same program.

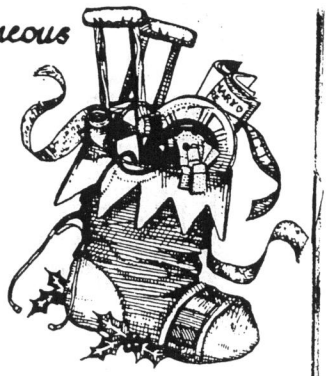

Carver Lioness

The Halloween party was a great success. Lionesses wish to express a special thank you to community volunteers. The proceeds from this event will be matched with Lioness funds and are to be presented to the Southern Valley Alliance for Battered Women at their December meeting.

Lionesses are also in the process of planning their Annual Appreciation Dinner for all the volunteers who helped at all their functions throughout the year which will be held on January 14th at the Village Hall.

Always planning ahead for future events, the Lionesess are busy working on their Annual BullHead Feed and LasVegas Night, tentatively scheduled for sometime in February or March. Keep watching for updates.

Miscellaneous

Council discussed issue on November 5th regarding check submitted to Fire Chief for convention expenses. Question was asked whether or not itemized expenses were to be submitted. Also question was posed if mileage and other school/convention expenses should be itemized. Councilman Thuening questioned payments without an itemized bill of expenses for Fire Department personnel. Letter would be sent to Fire Department regarding issue.

City attorney requested that the city adopt an Assessment Policy. Discussion would be followed up at the next council meeting.

Discussion was held concerning money owed to the city by A & M Enterprises. A & M Enterprises requested more documentation on amounted owed. Council's opinion is that the deadline is past for payment and action to be taken. Motion was made and carried to forward a letter with a one week deadline.

Assessment Agreement with Carver County for 1991 and 1992 was discussed. Motion was made and carried with roll call vote adopting resolution authorizing the city to enter into a Contract for Joint Assessment with Carver County to provide for the assessment of property within the city at the sum of $ 16.70 per parcel for 1991 and 1992.

Administrator reviewed Capitol Improvement Costs for 1991 - 1995.

Motion was made and carried adopting resolution for city fees for services.

City Engineer presented time schedule for redesigning of Sixth Street.

Revisions required by Fire Marshal for Village Hall are complete. Fire Marshal is expected to make another inspection.

The sign project conducted by the State of Minnesota, coordinated by Carver Council for review of street signs and proper placement is complete.

Motion was made and carried adopting job description for Administrator.

Administrator, attorney and engineer have drafted activity reports for 1990 for the council's review. The mayor wants more detail on reports. Administrator would like an annual report for all city departments for annual meeting in January.

Councilman Hunter's opinion was stated that Building Inspector's job should be reviewed.

Mayor Meyers requested that a letter be forwarded to Fire Relief Association regarding an explanation of discrepancy in years of service in records.

Municipal Utilities

Municipal Utilities operator reported that the City of Chaska has approved the Water Filtration Plant Removal Agreement. Operator prefers to have slab of cement already in place for tank, in order so as not to have to move the tank again. A building would be placed at the location later. To restrict access presently, a fence would be erected. Operator offered to be general contractor for this project. Work would begin within a week if all goes right. Hopes were to have slab poured, plant moved and tank in place by December 3rd. Motion was made and carried allowing a $ 1,000 overrun on the plant transfer. City Auditor informed the council that project costs could be taken from the General Fund and once the plant is utilized, the Water Fund would reimburse the General Fund. Motion was made and carried ratifying formal agreement with the City of Chaska for removal of the Water Filtration Plant.

The PCA (Pollution Control Agency) has verbally approved property for a waste disposal site, but an analysis of the soil has to be done before final approval.

The sewer plant may possibly require a 24 hour monitor installed. The flow meter is inadequate.

Council received list of delinquent utility bills. Motion was made and carried for notices to be sent for utility bills over 90 days delinquent and authorization to repeat process every quarter as bills become delinquent.

League of Minnesota Magazine has been contacted regarding an article on Water Filtration plant. Article would be printed on the project if the city submits said article. Administrator would write this article.

Carver Lions

District Lions' Governor will be speaking at the Wednesday, November 21st meeting.

Lions have volunteered to help the City and work on the Water Filtration system being brought from Chaska.

Lions are also again selling those large coloring books as they've done in the past. These coloring books are $ 4.00 each.

Also available are iron-on transfers. Harlan Thaemert will answer questions or contact any Carver Lion for more information.

Country Christmas

Carver-on-the-Minnesota

Remember the annual Holiday Craft show at the Interpretive Center? Well, it's coming again, or it's that time again, only a new twist and new name has been created. **Carver Country Christmas Home Tours and Craft Sales** will occur on December 9th (mark your calendars!) from 3:00 PM to 6:00 PM. Just another opportunity to show off Carver's uniqueness all dressed up in its holiday decor. There will be guided tours within participating homes, as well as crafts. Guests will be traveling on foot (weather permitting) between homes in the downtown area. Please turn on outdoor lights to help guests travel from home to home.

Here is your opportunity to take advantage and enhance Carver's uniqueness and show off your own Christmas displays, indoors and outdoors while illuminating the pathway as people tour some of the historical highlights throughout our town. Some of the participating homes are Hilldale, Carousel Rose Inn, Swanson's and the Carver Cottage. Come join in the fun....everyone welcome - December 9th, 3:00 PM - 6:00 PM.

Guests will be meeting to begin this tour at 2:30 PM at Swanson & Associates office. Donation of $ 10. per person. For more information call any member of Carver-On-The-Minnesota. Some members are: Pam Larson (Peter); Barb Hanson (Craig); Vicki Orvick (Michael), Robin Kashuba (Glen); or Barb Swanson (Darrel).

Wearable Art

Have you noticed on your way into town that interesting sign on County Road # 40 across from the water tower and the curious buzzing of activity? The new sign reads "Needleworks of Carver Town". Take note, there will be a test later. This is only the name of the building as christened by the new tenant. The interior business is "**Wearable Art**".

By: Jean Marie Sohlden

"The new shop in town, **Wearable Art**, will be a treat for knitters, as well as those who appreciate handmade items.

Located at 490 County Road # 40, across from Carver's historic green water tower, **Wearable Art** occupies what was briefly a paint shop" (and print shop). "**Wearable Art**'s owner named the building "**Needleworks of Carver Town**" in anticipation of attracting other fiber entrepreneurs.

Shop owner Jean-Marie Sohlden is preparing for its grand opening to be held Saturday, November 17th. To Celebrate its opening, from November 17-30 customers who purchase $ 20 or more from **Wearable Art** will receive a free knitting notion and a coupon for 5 % off on their following purchasing trip to the store (which must be at a later date).

Jean-Marie said the shop will be primarily a weekend shop, but will add "Thanksgiving Friday" (November 23rd) and Wednesday and Friday evenings beginning November 28th.

Jean-Marie is keeping her eyes open for more handknit sweaters as well as other hand-made fiber articles. She is presently carrying rag and loop rugs and is considering such things as quilts, weavings, hand-sewn toys, and such.

The first knit class will be for beginners as well as those who haven't knit for a long time and just want a refresher course. The class will run Wednesdays and Fridays beginning Wednesday, November 28, 7-9 PM. Advanced registration by phone or in person is required; call 448-6285 weekends or after 7:00 PM weekdays. The class is free to those who purchase the yarn from **Wearable Art**. Other classes will be scheduled after the New Year.

Store hours will be 10 AM - 5 PM. Saturdays, 1-5 PM, Sundays, 7-9 PM. Tuesdays and Thursdays,and 10 AM - 5 PM the Friday after Thanksgiving. Call 448-6286 any evening or weekends."

7) What are listed in the periodic table?
8) What best poet penned Reality Sandwiches?
9) What term do collectors use for the highest quality of coins struck?
10) What does 'dba' mean?

Compost Collection Service

On January 1st of this year a new law went into effect that bans the disposal of yard waste (leaves, grass, prunings, etc) in Metro Area landfills or incinerators. That means that your garbage hauler can no longer mix leaves and grass with household garbage if he wishes to empty his truck at solid waste disposal facility in the Metro area. The yard waste must either be hauled out of our county (something we certainly want to discourage) if it is mixed with garbage or composted separately at home or an approved site.

Two options will remain for residents who wish to continue to dispense of their grass clippings somewhere other than their own property. One, city compost sites will continue to accept grass clippings from residents. This means you can still load the bags into your car, drive to the nearest site, UNBAG the clippings, and leave them to be composted... Two, you can contract with your garbage hauler for separate collection of your clippings. This means your hauler will separately collect clippings and haul it to a privately operated compost site. I would expect that this service will cost you extra on your garbage bill.

As of January 1st, 1990 yard waste, such as leaves, grass clippings, garden waste or branches are not allowed in with the regular garbage.

Take this material to your local compost site, UNBAG material and dump. Any questions, contact your local governmental units or sanitation collector.

Thanks for your cooperation.

January 1st - New Years Day

Planning Commission meeting date is not available at time of printing. Anyone interested in attending the Planning Commission meeting should contact City Clerk-Village Hall, 448-5353.

Villager Tower

Attention: Carver businesses are not in abundance, especially when supporting distribution of this newsletter throughout the year. By the end of the year, monies available are very scarce! Trying to get sponsors after October is extremely difficult. Last year, we didn't put one month's issue out due to lack of funds for printing. This year, the same thing was almost inevitable when an individual generously offered to make it possible to get an upcoming December issue out to you all. For November's issue I was forced to resort to beg from citizens/friends for donations even to get this month's issue printed for you.

Now I know and you all know how quickly the monthly newsletter vanishes. It doesn't take very long for them to disappear does it? Can you find it in you hearts to help keep this newsletter afloat? Donations/contributions are cheerfully accepted, welcomed, as well as desperately needed!!!

What would your money pay for? You ask.Pprinting, ribbon, paper, glue, receipt books, ledger, pen, notepad, copying costs. I do not make a profit from this adventure nor am I doing it for a profit. However, I want to be able to continue this service to keep ya'll informed of local goings-on.

Do you realize that if each of approximately 200 residents (which is how many we print) were to give only a quarter (25 ¢) per month, there would be enough money to print the entire year's paper and buy some supplies! A mere quarter mind you!. Even a nickel apiece per month would be beneficial! Consider it. How important is this newsletter? If it weren't for local businesses, you'd have no **Villager Tower**. Period. And your local businesses are about tapped dry, guys!!

We are going to attempt to distribute containers at local businesses again and seek some of that loose change rattling around in your pockets to lessen the load on our businesses and keep twelve monthly issues available for you. You will find these containers at Monique's Boutique, Lenzen Auto Service, Carver Bait and Convenience Store, O'Reagans Pub, DogHouse and Carver Cafe....

Another alternative, if you prefer, you can mail your contribution to **Villager Tower**, 14210 County Road # 40, Carver, 55315 or PO Box # 324, Carver.

Please, the, **Villager Tower** desperately needs your support!

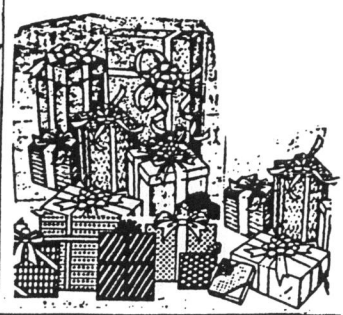

Footnote: Santa Claus

When is Santa coming to Carver? The date of Santa's arrival in Carver was not available at the time of printing. He was still drafting his schedule and wasn't sure when he'd be in this neck of the woods. Sorry kids! Santa will be contacting a fireman to tell him when he is coming to see all the lil' munchkins in Carver. So kids, Santa promised he'd call when his schedule was more complete. As of December 1st, he was to be visiting his lil' people in Trenton, New Jersey. On the fifth, he was to be in Reynosa, Mexico, then Houston, Texas and working his way north. So you have mom or dad call a local fireman or watch for postors for the day of his arrival in Carver, Minnesota.

Happy Birthday Patty

Happy 50th Birthday Ken!!

Merry Xmas to ya'll
From the whole crew of the **Villager Tower**

All • The • Loveable •
Little • Care •
Bears • Wish • You •
A • Merry • Merry • Christmas •
And • A •
Happy • New • Year!!!

Make Someones Day Extra Special

From time to time driving through Carver, someone has taken the time to put up various kinds of posters, banners, and the like, such as Happy 30th or 40th, Congratulations, Welcome Home, etc. I realize the newsletter is monthly and you may think, after the fact, "Why didn't I put a greeting in the **Villager Tower**?" We have tried to encourage these submissions by putting greetings to people we know. While you are thinking of it, as you read this and that special loved one has a very special day coming up, write it down and drop it into an envelope to the **Villager Tower**, 14210 County Road # 40, or PO Box # 324, Carver, or call, 448-5126.

Christmas List Idea

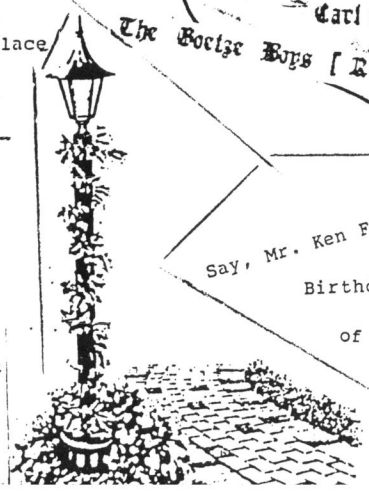

Looking for that special idea/item for that special person? How about an adorable bunny? At the time of writing, there are only 36 shopping days remaining (less, by the time you read this) until Christmas. Also, there are only three loveable, absolutely adorable bunnies available for sale. They are easy to care for, love at first sight, hours of entertainment, french mini-lop pedigree and only $ 7.00 each. Make those innocent, sparkling, twinkling eyes beam even bigger when they open the lid of that special gift waiting for that bond of love to be incorporated. Contact Kim at 448-5126 to place your order. HURRY...there are only three and Christmas is almost upon us. Inexpensive, special, one of a kind, alive and how better to make someone's life happier that with a living critter.....

Letters to Santa

Kids - when I was talking with Santa about his coming to Carver, he asked where your letters were. Have a letter to send to Santa? Some of you may have already sent them directly to the North Pole. Those of you who haven't can send them the **Villager Tower** and we'll see that Santa gets them and print some. How about it?

Say, Mr. Ken Frey - Happy 50th

Birthday from the Editor

of the **Villager Tower**!
