Volume IX

March/April 1991

Number #eighty-six

Villager Tower

Carver-on-the-Minnesota

The February meting was held on the 21st at Cindy and Randy Monroe's home. Mr. Paul Maraveles, Director of Carver County Historic Society attended this meeting to discuss Carver-on-The-Minnesota's affiliation with Carver County's Historic Society. Carver-On-The-Minnesota's size at present is not of appropriate proportion to combine the two groups.

The group is working hard at plans for the June 23rd Victorian Party. Consideration is being given to playing croquet at the party.

Carver-On-The-Minnesota's March 21st meeting was at Darryl and Barb Swanson's home. The Victorian Garden Party was one topic up for discussion. Group talked about a possible Ice Cream Social during SteamBoat Days on Sunday, September 8th. The Wildflower Project was talked about. This involves planting wild flowers at intervals on County Road # 40. The seeds were donated by MN DOT.

The April 18th meeting will be held at Craig and Barb Hanson's Hilldale.

Memberships will be discussed in June. The group meets on the third Thursday of each month. Everyone is welcome. If you need more information or where the group will be meeting, contact Barb Hanson at 448-2853.

Comprehensive Plan

Administrator reported that the Planning Commission will be hearing a proposal for receiving city's Comprehensive Plan. There is not any available money to hire consultants for revisions of the Comp Plan. Mayor suggested forwarding letters to appropriate personnel on the Metropolitan Council stating required revisions at this time were unfeasible due to budget cuts of the State. However, the Planning Commission is to get estimates of consultant costs.

Reuter's Inc.

Council was presented with a petition on March 4th, 1991 opposing Reuter's locating in the City of Carver Industrial Park. Motion was made and carried accepting petitions and information presented.

Mike Lien, Carver County Environmental Services, was on hand to make a presentation on composting facilities. Mr Lien worked for Rice County and has been with Carver County for eight years in waste management.

Three plants will be operational in the state in the future. One plant is operational at present in St Cloud, but it does not operate like the one proposed by Reuter's. It was said that the St Cloud operation is not very efficient. There are not any facilities currently operating in the United States which are comparable to Reuter's proposal. A Reuter's plant in Florida is scheduled to be operational in the near future which is very comparable. Usual fear of composting sites is the smell. Suggestion was made to contact the State Office of Waste Management requesting information on regulations for operations. Names will be forwarded to Administrator.

Mayor inquired about the State's regulations. Minnesota has the stiffest regulations for composting facilities permits in the United States. Many inspections of sites are made. Suggestion was made to tour the Eden Prairie facility of Reuter's. This site receives garbage, where it is sorted; organic material from this site would be transported to Carver's proposed site for composting. The county would probably make monthly inspections of the facility, whereas the state does it twice per year.

Resident requested that Reuter's and composting be discussed at the Town Meeting.

Address Changes

Several residents questioned issue concerning change of addresses from Chaska to Carver. One SkyView resident was not convinced of the value because of problems associated with changing of addresses. The mayor explained how change could be made and what the results would be. Residents of SunnySide Addition were also in attendance.

Civil Defense Training

Public Works Director requested to attend seminar in Maryland for Civil Defense Training. The next session is scheduled for April, but there will be another in June. Two people should attend. All expenses will be reimbursed except for meals. These seminars are sponsored by the Federal Government. Council consensus was for the mayor and Public Works Director to attend the April seminar. Motion was made and carried approving attendance to the Civil Defense Seminars in Maryland.

Sixth Street

Council discussed the Sixth Street project. This street has been an ongoing problem for a considerable length of time. There is $ 120,000 in grant funds available. City Engineer has been directed to scale down the original project so that grant funds would cover cost of work. Engineer scales project down to an estimated $ 148,000 including contingency. Motion was made and carried approving Sixth Street plans and specifications.

Municipal Utilities

Septic tank specifications were presented for review. Specified tank was made by Weisser. The mayor did not favor limiting to one supplier. Operator stated that other companies could build to specifications, as well. Motion was made and carried tabling septic tank specifications. Councilman would distribute specifications for other opinions.

Public Hearing Building Permit Request

Council discussed building permit request for water treatment plant. Public Hearing should be scheduled for a variance to place public building in an area zoned for parks. Motion was made and carried scheduling a Public Hearing on March 27th at the Planning Commission meeting for a variance to construct water treatment plant.

Administrator Resignation

Administrator informed council of necessary additional medical leave time. She will only be able to work ten hours per week and limited meetings per month. She offered her resignation, effective the end of April. Motion was made and carried accepting Administrator's resignation. She was directed to advertise for replacement. Councilmember also expressed appreciation to Adminstrator for assistance in becoming orientated as a new council member.

Miscellaneous

Council held a workshop meeting on February 21st for discussion on where Carver is at financially and strategies for financing future projects.

Motion was made at the March 4th meeting and carried by roll call vote adopting resolution requesting the DNR to place flood elevation markers.

Question was asked regarding summer recreation program for the Carver Youth at the Lion's Park during the day.
Board of Review date has been scheduled for Tuesday, May 7th, 1991.

The revenue reduction amount from the State of Minnesota for 1991 will be approximately 2 % less for the first half than what the city has levied. The second half payment in December will be approximately 4 % less than levy. Administrator did not recommend any cuts at this time.

Motion was made and carried by roll call vote adopting resolution supporting Scot and Carver County resident for appointment to the Metropolitan Council District # 14 position.

Council direction was requested regarding attending Township metings in March. Motion was made and caried for Council member Terry to attend these meetings.

Annual tree program was discussed. Mayor commented that program should be eliminated. One councilman opposed rejection of item since the program has been in existence for quite some time and well received by the residents. Another council member suggested trees be sold at cost rather than the city subsidizing the cost.

Councilman requested grading of Mt Hope Road as soon as possible. Public Works Director wishes to haul in a few more loads of fill to build up center first.

Notice

CITY OF CARVER
RECYCLING BINS

Recycling bins have been distributed in the City of Carver. If you did not receive your bin, please contact the City Hall at 448-5353.

Notice

CITY OF CARVER

It is illegal to put leaves and lawn clippings with your garbage for pickup. The City has a leaf composting site on 4th Street West across from Elm Drive. Watch for sign. Please, no brush, branches or plastic bags. Only leaves and yard clippings are permitted. Brush can be taken to Riverside Park where there is a designated area for dumping of brush during the months of March, April and May.

Notice

CITY OF CARVER
DOG LICENSES DUE

Chapter X, Section 1015:00 of the City of Carver Code of Ordinances requires every dog over the age of six months, within the corporate limits of Carver to be licensed before the first day of May of each year.

Dog licenses are now available at the City Hall, 4th and Broadway, between the hours of 8 a. m. and 4 p. m. Proof of rabies vaccination is needed to obtain a license.

Notice Ordinances

Summarized edition:

An ordinance regulating Garbage, Refuse and Recyclables:

"The City Council of the City of Carver finds that present methods of disposing of waste and recyclable material is detrimental to the health, safety and general welfare of its citizens and that it is in the best interest of the public to encourage, and in certain instances, compel, the use of methods of disposing of waste which help preserve and benefit our environment; and the benefits to be derived from the enactment of the hereinafter described Ordinance are in the best interest of the public."

The City Council of the City of Carver ordains:

"Declaration of Public Nuisances: The accumulation and storage of abandoned, wrecked, junked, partially dismantled, or inoperative vehicles within the City of Carver is hereby found to create an unsightly condition tending to reduce the value of private property, to invite plundering, to create fire hazards, to attract vermin, and to constitute an attractive nuisance creating a hazard to the health and safety of the public. The accumulation and outside storage of such vehicles is determined to be in the nature of rubbish, litter and unsightly debris. The adverse affects of accumulation and storage of such vehicles on public or private property is hereby declared to constitute a public nuisance which may be abated as provided herein or as provided under any other ordinance of the City of Carver or by the laws of the State of Minnesota."

Celebrate Minnesota

"Dear Community and Volunteer Leader:

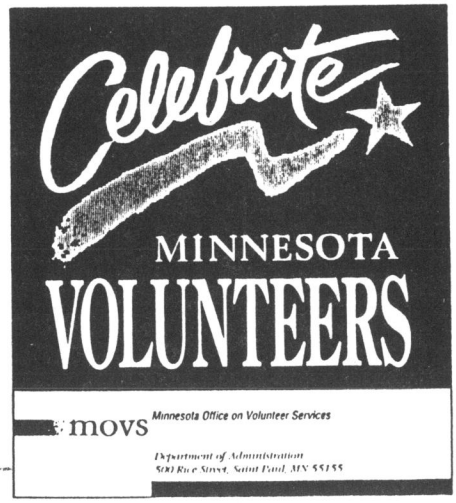

The spirit of volunteerism continues to shine throughout Minnesota. Governor Arne Carlson has proclaimed April 21-27, 1991 as Minnesota Volunteer Recognition Week, to coincide with National Volunteer Week. Our theme this year will be **Celebrate Minnesota Volunteers.** We encourage local groups to either use the theme "as is" or adapt it to local communities or organizations.

....

Thank you for joining us to **Celebrate Minnesota Volunteers** in your community and throughout the state.

Sincerely,

Laura Lee M. Geraghty
Director"

Carver Round up

Did you hear? Did you hear? Maybe you saw? Three cows were visiting downtown Carver one morning. It had created quite the buzz about and around town, and at local schools. This is quite a rare occurrence for the city. It got everyone abuzz - ooh what fun. It is rumored that one adolescent was chased to the schoolbus by one of the cows. (Maybe we should consider hiring them on a daily basis huh?) Another resident reported that her front door bell was being rung so that the police could be notified...such excitement so early in the morning...resident went to take out their garbage and much to their surprise they heard this mooing sound, when looking west, what to their surprise did they see, a cow! Was someone filming and didn't tell us? And just think, some of us missed this exciting moment of three cows roaming through our infamous streets with pick-ups running all over to catch the strays. Ah such a thing could only happen in Carver...

and how was your month?

Sorry folks, but I couldn't resist and bypass this wonderful antedote. I had to share this fun item with all of you who may have missed our visitors on that day in Carver.

Disclaimer

The preliminary unapproved minutes from the City of Carver's council meetings were referenced to compose the Villager Tower.

Lions News

Lion's are hard at work getting ready for their annual **PANCAKE, FRENCH TOAST and HOMEMADE SAUSAGE Breakfast.** The event will be Sunday, April 7th, 1991 from 8;00 AM - 1:00 PM at the Village Hall. Ticket prices are Adults - At the Door $ 4.00 or $ 3.50 with presold raffle ticket. Children 12 and Under are $ 2.00.

Lions are donating funds and labor to construct a wall around the water filtration plant at the Lion's Park for safety reasons.

Lions danoted funds to send two East Union Safety Patrol Students to the VFW Camp.

Proceeds from the Lion's Bingo which was held for Boy Scout Troop # 174 were donated to the troop with an additional $ 500 to be used for troop equipment and supplies.

Recycling

The City of Carver has adopted its ordinance concerning recyclables (See additional information in Villager Tower.) Bins have been distributed. Your sanitation haulers are picking these recyclables up at present. Any questions, contact your sanitation company, county or city hall. If you have not received your recycling bins, contact the city.

"Aluminum" recyclables include clean aluminum foil and all disposable containers fabricated primarily of aluminum, commonly used for soda, beer and other similar beverages.

"Bi-metal" recyclables include cans containing or using two metals. More specifically, "tin" cans manufactured of steel and tin. All paper should be removed and both ends flattened. Bi-metal recyclables may be commingled with aluminum.

"Glass" recyclables include all glass bottles and jars rinsed clean. Glass is of three colors, clear, green and brown. Each color must be separated accordingly.

"Paper" recyclables include paper of the type commonly referred to as newsprint. These should be bundled and tied or placed in large brown grocery bags. Expressly excluded, however, are all magazines or similarly constructed periodicals.

Defective containers are the responsibility of residents. These bins should be kept clean and sanitary, as not to attract or breed flies, mosquitoes, other insects or rodents. When a container is found to be in poor repair, the collector will tag with notice of defects, whereupon, repair or replacement will be required. Noncompliance will necessitate city action.

Yard waste means organic materials consisting of grss clippings, leaves and other forms of organic garden waste, but excluding bushes, fibrous brush, woody materials, or other materials that are not readily compostable within a calendar year.

Carver Lioness

Lionesses would like to take this opportunity to thank all the volunteers who helped make this year's BullHead Feed a success again. Also, a special thanks to all who attended. The proceeds from this event will be used for various projects within the community.

Women Business Owners Organization

The New Business Women's Organization will be meeting again at the Chaska Bell on April 9th, Tuesday evening. Dinner meeting is from 6:00 PM - 7:30 PM. There will be a presentation "Marketing Main Street" from 7:30 PM - 9:00 PM. The guest speaker will be Harold Alexander, Interior Design Specialist from the University of Minnesota. He will make a presentation on how to revitalize interior and exterior business. Those who attend this special class will have the option to have an individual consulation. There will be no charge for this presentation or consultation, if you attend this spcial class. To register, call 448-3435 or 446 - 1722, ext # 276 or 442-4496.
Dinner reservations are being taken by Dr. Carrie Ross, 448-2722 or Vicki Orvick, 448-7843. Dinner is at yourown expense.
