Volume IX
May/June 1991
Number #eighty-eight

Villager Tower

County Road #40

Homeowner was at the May 6th meeting to discuss the ditch along County Road # 40 on which the contour had been changed due to the installation of the municipal utilities. Sides are too steep to mow with a riding mower. Request was made to repair ditch in order for homeowners to maintain. Statement was made that the county should be notified. Inquiry was made about fill, but it was considered that the hill would have to be reshaped. Motion was made and carried to check with county about reshaping.

Youth Committee

Discussion was held concerning a Youth Committee. Council was informed that the committee would like a youth and an adult representative from each organization signing a letter of support. Council support for project was requested, but not in the form of money. Motion was made and carried signing a letter of support.

Administrator Candidates

Appointed committee interviewing for Administration position were happy with the number and quality of applicants. Tentative offer was made to the top candidate. Meeting was closed to discuss salary negotiations.

Building Permit

Property owner requested building permit for a garage. Planning Commission held a Public Hearing for variance request recommending approval of variance building permit if property was surveyed. Certified Survey was presented. Survey showed placement of garage on property. Motion was made and carried by roll call vote adopting Resolution granting variance. Motion was made and carried granting building permit.

Sixth Street

Motion was made and carried approving obtaining the services of Julie Frick at $ 19.65 pr hour on Sixth Street grant, if necessary.

Easements needed for Sixth Street have been received from two property owners. Another owner wants Sixth Street as platted vacated to the existing surface in payment of granting easement required. Engineer recommended retaining fourteen plus feet from street surface since watermain is in the area and access may be required. City Attorney is to be involved.

Sanitation Services

Woodlake Sanitation Service requested a sanitation license in Carver. Council had previously limited licenses to three. Mark's Sanitation, although, no longer hauling in Carver possesses one of the licenses. Mark's Sanitation's accountant advised that he retain the license, at least until the end of the year. Council considered whether or not the city should increase the number of licenses permitted. Mr Frey stated that there are too many heavy trucks on the street already. Council questioned how many services were necessary. Consensus was not to authorize an increase in the number of licenses.

Liquor License

City Attorney was asked about a Corporation holding a liquor license. City does issue licenses to corporations and the city is attempting to get the names of shareholders of the corporation. Suggestion was made to issue licenses, but this necessitates an ordinance revision. Motion was made and carried by roll call vote adopting resolution approving licenses for 1991.

Postmaster

The mayor informed the council that the city has not received a reply from the Chaska/Carver Postmasters regarding request for written confirmation of the percentage of residents who must agree to an address change before it can change. Council's permission was requested to pursue the issue with a letter to higher authority. Consensus was to forward letter.

Fourth Street

Property on Fourth Street was discussed. Potential buyer agreed to put money into an escrow account ensuring clean up of the lot. Public Hearing scheduled to consider vacation of alley. The Heritage Preservation Commission will consider house plans. Work timetable to begin after June council meeting.

Lawcon

The Parks and Recreation Board arrived at figures for Lawcon Grant Application. Donations of time and money have been pledged, but council support is necessary prior to submission. Chairman of Parks and Recreation Board informed the council that the Grants personnel like to see the city's share of funding with at least twenty percent in cash. Request was made that the council continue in the budget for 1992, the $ 5,000 which in the past was utilized for land payment. Land to be paid for this year. Councilmember commented that it was her opinion that the city should not commit funds to the park at this time. Motion was made and carried supporting community park. One councilmember wanted to know where monies would be coming from. Another councilmember suggested a fundraiser.

CHS SCHOOL 1991

HRA

Executive Director requested use of Commercial Rehabilitation Loan Funds for a private home. Funds are needed for a furnace. Director requested that a lien be put on the home with money to be repaid only if house sold prior to stipulated length of time set by the council. Motion was made and carried to grant $ 6,000 for ten years to be paid out of CBD Rehabilitation Loan Funds for furnace. Motion was made and carried to table CBD Rehabilitation Loan guidelines changes.

Miscellaneous

Developer requested permission to utilize McCombs Frank Roos Association to complete street work at SunnySide Addition. If a conflict of interest should arise, then the engineering firm would cease work.

Curfew signs for 10:00 PM to be placed at RiverSide Park. Clerk to forward request to Sheriff's Department to patrol park after curfew hours.

While sweeping was done, sweeper fell through bridge on Fourth Street. Repair costs were discussed. County Engineer was to be asked to survey damage.

Motion was made and carried by roll call vote adopting Resolution granting a variance to place the water treatment plant in the Lions Park.

Motion was made and carried approving the Maintenance Agreement with D.C. Hey on the new copier.

Council was informed that Sheriff's meeting date had changed to May 29th. Therefore, the Planning Commission will hold its meeting on it regular date, scheduled May 22nd.

Motion was made and carried tabling 1991 Budget reduction review.

Natation was made that the Comparable Worth must be completed by December.

Motion was made and carried to close the meeting to discuss legal matters with attorney.

Carver Lioness

Lionesses committees are working on SteamBoat Days.

The Lioness also prepared and served refreshments for the Johnson's funeral.

June 26th - Planning Commission
June 27th - Meeting Night 8:00 PM

Bloodmobile

Nurses and Type "O" Blood is needed for the Chaska/East Union/Carver American Red Cross Bloodmobile. The new location is the Chaska Community Center. Time is Monday, June 17th, from 1:00 PM to 7:00 PM. Donors can be from seventeen through 75. Another change is the reduced waiting period between donations of 55 from the previous 56 days. The goal is to get 280 units (pints) which is the amount necessary to keep the supply ready for use in this area.

Sue Cross is in charge of Nurses and has a dilemma. Some of her volunteer nurses must be elsewhere that day, so if you are a Registered Nurse and can find time to volunteer, please call Sue at 448-5208.

Red Cross is also calling for "O" Type Blood. This type can most often be used to carry over until the correct type is available in accident cases.

Newcomers in the area are hard to reach. Callers have begun their calling, so if you have not been contacted, please give Mae Jacobson a call at 448-3104. Local chairperson, LaVonne Larson will answer questions. Also, remember, there is a free nursery.

More nutritious foods were tried at the canteen. It didn't work. Everyone asked for the cookies. So, is you can't give blood, you can bring cookies, instead. Or you can offer transportation to a donor. The Living Hope Church of Chaska will be serving lunch. Scheduling to give is June 10th. Thousands of people called to give blood for the Gulf War. Since it is a perishable product, there was no way to store it for more than 42 days. The Red Cross is no longer sending blood over there, so if some of the people wishing to donate for that cause would remember it takes 3,600 pints a week for this region. That is the safe and adequate supply that must be on hand.

Women Business Owners Organization

Women in business will not meet in June due to the U.S. Open Golf Tournament activities. Next meeting will be Tuesday, July 9th. Topic will be announced in next issue.

Carver-on-the-Minnesota

Remember the "Carver Blue" tradition approximately twenty to twenty-five years ago when Carver-On-The-Minnesota was originally formed, the group instituted a Carver Tradition of a flower referred to as "Carver Blue" and was given to residents?

While the group met on May 16th at the church, discussion was held concerning possibly reinstating this tradition of "Carver Blue" by giving out perrenial blue flowers during SteamBoat Days.

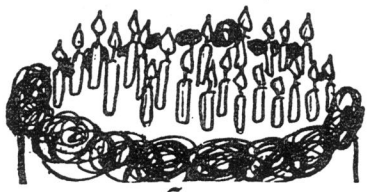

The group also discussed the "Emergency Rescue" to salvage/preserve/repair the stained glass windows and their alternatives for salvaging.

The wildflower project is still being worked on. Membership drive occurring at the end of May and the first part of June is still being worked on.

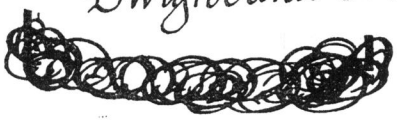

SteamBoat Days and Ice Cream Social were briefly discussed. There was discussion of the possibility of securing historical displays from the State Historical Society. There was also discussion on the possibility of crafters being sought for SteamBoat Days.

Plans are still being worked on for the Annual Victorian Garden Party scheduled for June 23rd at 5:00 PM to 8:00 PM. Victorian dress encouraged.

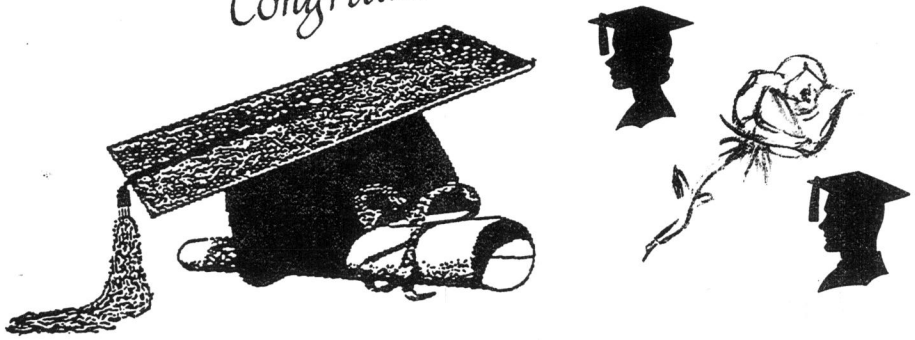

The group will be meeting June 20th at 7:00 PM at Carver House Antiques. Anyone and everyone is welcome to attend.

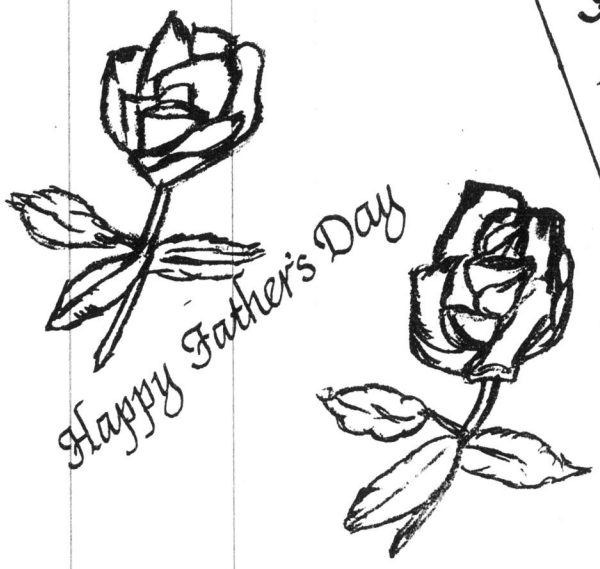

Congratulations
Dwight and Sandy!

Congratulations Graduates!

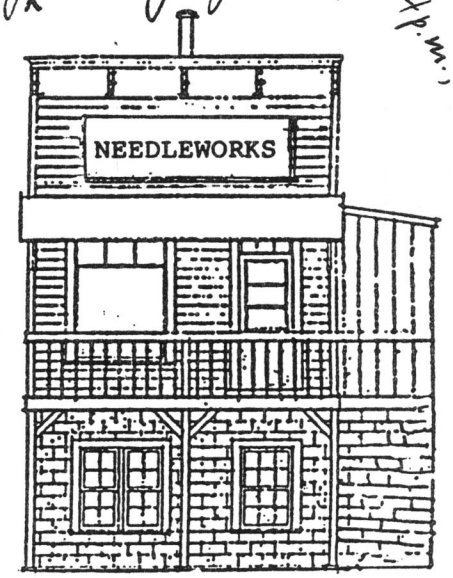

Happy Father's Day
