Volume X

April/May 1992

Number #ninety-nine

Villager Tower

Sixth Street

Council was informed on April 6th that a problem has developed on the Sixth Street drainage project completed last year. A culvert was undermined by water and collapsed. The project contractor will return and repair situation.

Question was asked about work on the hill on street since it was a councilman's opinion that the water was running too fast. Council was told that some minor repairs would be done on the the upper end of Sixth Street, as well.

Question was posed regarding the drainage problem on Sixth Street. Frey explained that a major storm sewer was necessary because of springs.

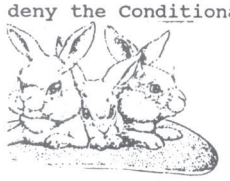

County Road #40

Council was informed that Frey met with the county regarding overlay on County Road # 40 which is planned. Paved shoulders would be extended from Lime Street to Highway # 212. Frey agreed to put dirt and seed on boulevards as the City's share of the project. The problem of standing water on Main and Third Streets will be eliminated because of the extra overlay which will direct runoff.

Conditional Use Request

Conditional Use Request for an 18 Unit Apartment Complex was presented to the council. Administrator explained some background on the proposed apartment units. The Planning Commission recommended denial. It was their opinion that the site was too small and would not fit character of area, as well as street inability to handle additional traffic. Motion was made and passed to deny the Conditional Use Permit.

Bunnies For Sale

We have bunnies for sale. They are five months old and French Lop bunnies that are simply adorable. One is all black and the other is gray, white and black. They are selling for $ 7. Contact John or Kim at 448-5126 after 5:00 PM.

County Road #147

Administrator informed the council that request was presented to the county for changes to the County Road Construction Agreement. Motion was made and carried not to accept the agreement with Carver County concerning existing County Road # 147. The revised agreement states that County Road would dead end and not connect to the proposed County Road # 147 and does not state that Grimm family would be given a driveway.

Administrator was directed to write to the county asking why changes were not made in the agreement and to inquire if new county road could be extended to Fourth Street right away.

Commissioners Swanson and Trende inquired about speaking with the council concerning County Road # 147. They were informed that the council was not approving agreement because revisions were not made.

Trende explained that a tie-in between the roads had never been an option. There was further discussion and the commissioners did not like the existing situation of two parallel roads leading into the city from Highway # 212, since it was considered a waste of taxpayers dollars. Commissioners would return to County Board for further discussion.

Zoning Ordinance

Public Hearing was opened with a number of citizens present for Zoning Ordinance, Amendment of lot size. Concerns were expressed about lot size and homes being proposed to be constructed. Sewer concerns, easements and assessments were also discussed.

Motion was made and carried to revise the Zoning Ordinance pertaining to low density residence/residential sewered, lot requirements and standards; minimum lot area as per the Planning Commission's recommendaton was reduced from 14,000 square feet to 11,000 square feet.

Park and Recreation Board

Administrator told the council that the Park and Recreation Board has not had a quorum since August; questioning council's interest in taking over responsibilities or possibly the Lions being a substitute board since they are so active. Organization representatives of the Lions, Lionesses, Black Sox and Park and Recreation Board are to be invited to the next council meeting to discuss the issue.

Sixth Street Vacation Request

Property owner has requested partial vacation of Sixth Street because part of the house and garage sit on Sixth Street. Administrator recommended that the council pass a resolution relinquishing property rights under the buildings, as long as they exist and not vacate the street. Question was asked about improvement in the future without street vacation. Buildings could be improved, but an addition would not be approved. With said easement, it was understood that use of the land beneath the buildings would be allowed as long as the buildings stand, but if the building were destroyed, the land reverts back to the city.

Survey of the area was reviewed and discussed. In this area, it is difficult to get two surveys to agree. The home is approximately 134 years old and believed to have been built prior to city platting. By today's standards, the lot where the house sits could not be replaced if something were to happen as it would probably not meet set back requirements. Concerns were expressed regarding widening Sixth Street.

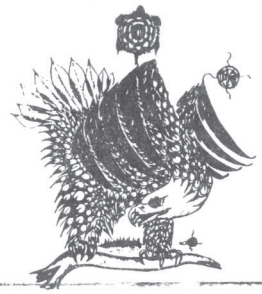

Motion was made and denied to vacate a portion of Sixth Street referring to same locality as above. Motion was made and carried to relinquish the City's rights under the buildings as long as they exist.

Municipal Utilities

Municipal utilities operator shared with the council an award received from the MPCA (MN Pollution Control Agency) for operating the wastewater treatment plant within acceptable ranges for the previous year.

Operator informed the council that the water tower has been cleaned and the entire system flushed. Sludge site certification has been received for the water treatment plant.

Proposed Fire Department Ordinance

The council reviewed letters received from the firemen regarding the proposed ordinance amendment for the Fire Department. Motion was made and carried adopting Ordinance as revised for Fire Department.

Miscellaneous

On April 6th, the council approved appointment of Barb Swanson and Robin Kashuba to the Heritage Preservation Commission by motion.

Seasonal 'STOP' signs are to be erected at the Lions Park area.

Motion was made and carried to schedule a Public Hearing for the renewal of the NSP Franchise.

The city council is planning a tour of the city to enforce the Abandoned Vehicle Ordinance.

Fire Department is discussing disposing of a unit, identified as # 125. There is an interested party in the vehicle. The city requested a recommendation.

Notice:

The Lions are seeking volunteers for the Community Park construction. Interested individuals or groups are to contact the Village Hall for more information at 448-5353.

Notice:

Horseshoe Tournement

Horseshoe tournaments are scheduled to begin Wednesday, May 13, 1992 at Riverside Park at 6:30 PM. For more information contact Hollis Brockoff at 368-3504. Must be 18 years or older.

Black Sox

The Black Sox Team of Carver is looking for local players. Spring is around the corner. Interested in playing with a good Carver team? Contact Randy Nelson, Phone - 368-4446. Randy is the Manager of the team. Don't forget. Now is your chance! Call Randy.

Disclaimer

The preliminary unapproved minutes from the City of Carver's council meetings were referenced to compose the Villager Tower.

Heritage Day

The Heritage Preservation Commission is planning to hold a "Heritage Day" in May to promote history and to be held in conjuction with the Tree Program. The event will be held on Saturday, May 16th from 1:00 Pm to 3:00 PM. There are plans for a scavenger hunt, serving of 'olden days' refreshments, and a family event. The group is seeking submittals for designs for a town flag. There will be distribution of a Carver Blue flower. They are also asking for help in identifying old photos of Carver and its residents. This event will take place atthe Village Hall.

Carver Heritage Day will be held May 16th from 1:00 PM to 3:00 PM. Activities planned are a skeleton key hunt; historic picture identification, children's Flag Design and much, much more.

Skeleton Key Hunt clues are being posted at the Post Office and Village Hall Bulletin Boards. The award for finding the key will be held on Heritage Day.

Also, group is seeking individuals, especially Senior Citizens to share their tales and history on Carver's moments, growing up, experiences and the like with the group and possibly record this information for generations to come. Please come and share this with us!
