Error Alert
Fire Department

ERROR ALERT! REPEAT - ERROR ALERT!
Mr Stubby Holtz and Mr Tom Larson **DID NOT, repeat, DID NOT** resign from the Fire Department. They **RETIRED!!!** Mr Holtz served on the department for thirty-five years. Mr Tom Larson served on the department for twenty-five years. I personally apologize to both men, Tom and Stubby for the error made. Thank you Stubby and Tom for your years of service and dedication.

N.S.P.

An NSP representative was at the meeting to discuss the Franchise Ordinance. This franchise is renewed every twenty years. The mayor inquired about frequent power outages and why the city was not looped. The rep explained that looping was not possible, but a new switch had been installed in Chaska which should help. He also assured the council that NSP was supplying the best possible service. Motion was made and carried by roll call vote to approve Ordinance, Appendix III.

County Road #147

Council discussed agreement for County Road # 147. Administrator informed the council that he'd been told by the County Engineer, Gustafson and Commissioner Tracy Swanson that the new County Road was going to be constructed.

Mayor stated that request had been made to Board of Commissioners to approve agreement before it came before the council, but agreement was not signed. Ms Swanson explained county policy to sign agreement last. Engineer told the council that the board had reviewed and approved the agreement as presented.

The mayor stated that he has several problems with the agreement. One councilman was upset that the old road would not connect with new county road or highway. Mayor said city would prefer that the Grimm farm have access to new county road, so that city has the option to close old road if they are unable to maintain.

Proposed Apartments

Public Hearing was opened for the variance request on apartments. Building was under the maximum height requirements in the Zoning Ordinance, but the building was three stories high versus two and half allowed in the ordinance.

Council discussed Developer's Agreement. Developer questioned connection fees. Developer contends that there is only one connection. However, Administrator stated his opinion that each unit is one connection. Developer suggested that approximately $ 80,000 of connection fees be paid over a period of years. The mayor stated that these fees should be attached to property taxes as an assessment.

Although the water main runs past the property, the six inch lines need to be extended. Administrator stated that extension should be developer's responsibility. Motion was made and carried approving Developer's Agreement per discussed changes.

Miscellaneous

A used siren has been obtained from the City of Victoria. It was tested and in good condition. Plans are to put this siren in Lions Park. Administrator reminded that there is a $ 2,000 budget for any radio work or modifications necessary.

Three summer youth employees have been authorized by the county for the city.

Frey told the council that the new community park is starting to look good. Microboards donated twenty-two (22) trees and they were planted at the park.

Carver County deputy was present to discuss any recent issues. Citizen voiced complaint about the problem with three-wheelers and parties across the river. People attending these parties park by the railroad trestle and walk across to party in Scott County.

Councilman also requested that the Sheriff's Department check on a large dog chained at a residence by the railroad trestle. People are afraid to walk in the area.

Clerk reported that the city's punch card voting equipment can no longer be used for elections. The county no longer has computer to read these punch cards and has purchased opti-scan equipment. This system will not be an additional cost to the city.

Councilman asked whether or not anything could be done about ducks and chickens in city limits. Administrator stated that if these animals are pets then there is nothing anyone can do. However, it was not permitted to keep such animalsif they were considered livestock. Administrator was directed to check ordinances and if situation is not covered then he was to draft proposed ordinance.

Councilman reported that someone has been trying to kick out boards on the grandstand in Riverside Park. There is a possibility that these boards are being used for firewood. The Fire Department will be doing repairs to grandstand.

Liquor Licenses

At the June 1st meeting, transfer of liquor licenses were discussed. Stephen Regan and Gary Lund were present. O'Regan's will be "Gary's Place". Council reviewed transfer forms. Motion was made and carried authorizing liquor license transfer.

Council was also informed that the DogHouse would not be sold at this time. Therefore, there would not be a license transfer.

Council was updated on information that only two license applications had been received. Motion was made and carried by roll call vote adopting resolution approving liquor license for Harvey's Bar and Gary's Place.

Dahlgren Township Board

Mr Kelly was present at the meeting to update council on annexation proposal. The Dahlgren Board has concerns about revenue loss. Administrator explained that Mr Kelly is the propty owner who has petitioned the city to be annexed. A new state law states that annexation will be orderly and therefore the township can deny the request. The mayor would like to keep a good relationship with the township. He further suggested inquiry be made if township would accept a five year phase out based on present land value. Statement was made that a 300 acre development centered around a golf course could be possible on land. Administrator was directed to make inquiry to township stating council's interest.

Carver Lioness

The Lionesses are busy working on SteamBoat Days activities. They will again be requesting help from Little League, Softball team players and their parents to work in the food tent. Money from this event will go towards the new Community Park. They are also working on parade entry registrants. Anyone who has not been contacted and is interested should contact Betty Moldenhaur

The Lionesses are looking into the possibility of sponsoring a Food Share Pick-Up Site in Carver

Carver-on-the-Minnesota

Carver-On-The-Minnesota has a new date for their Victorian Garden Party. This event will be held at Carver House Antiques from 5 PM to 8 PM July 12th. This is a fund raiser event. Victorian dress is encouraged. The proceeds from the Garden Party will be used towards restoration of the Church-By-The-River. Preceding the Garden Party will be the **Window Dedication** at the Church-By-The-River.

Disclaimer

The preliminary unapproved minutes from the City of Carver's council meetings were referenced to compose the Villager Tower.

Mount Hope Road

Councilman inquired about driveway on Mt Hope Road that washes out. They city has been watching issue. Engineer was to view problem area. The home owner's opinion is that the problem began when the road was raised and culverts were installed. Frey explained that the land was raised to construct homes and location of driveway had been a natural water way before development. The mayor did not think city should bear cost for a culvert on a second driveway and that this should be the developer's responsibility. Administrator has an available culvert which he would prefer installing to alleviate the problem. Mayor requested that developer be contacted for solution.

Lions News

At the Carver Lions' last meeting, it was a work detail. They painted the fence at the Lions Park.

Work is continuing on Community Park fields. Lions have donated $ 5,000.00 to cover involved costs with park ball fields.

The next Lions meeting will be July 15th. At this meeting there will be the installation of officers. Also, it will be "Significant Others Night".

Friendship Wagon Train

The Friendship Wagon Train from Edenwood, Eden Prairie will be coming through East Union/Carver area. There are approximately one hundred people participating. Edenwood is a camp and retreat center for handicapped children. The Friendship Wagon Train is a fundraiser. They are accredited by the American Camping Association. The train will be a traveling wagon train collecting donations along their way. The wagon train will be starting its trip from Farmington, MN. Their first stop will be in Montgomery, then Lonsdale to New Prague where they will be camping overnight. Then they will travel to Belle Plain where they will again camp. On June 26th the wagon train will arrive at the East Union Church for a noon stop and lunch. They will camp overnight in Chaska. From Chaska they will travel to their final destination, Edenwood, Eden Prairie. In one week's time, the wagon train will have traveled 130.8 miles.

Welcome Friendship Wagon Train participants.
