Volume XIII

January/February 1995

Number one hundred thirty-one

Oath of Office

Michael Terry took the Oath of Office for Mayor of the City of Carver on January 3rd 1995. Vicki Peterson and Daniel Robb were then sworn in as council members.

Truth-in-Taxation

Public Hearing for the Truth-In-Taxation meeting was held.

Resident inquired about increase in valuation and taxes for city. Tax Increment District designation expired on property and taxes had been redistributed to all taxing districts.

Explanation was given regarding proposed levies which have to be submitted to the county by September fifteenth of each year. After that time, levies can be lowered but not increased. City reviewed the budget for '95 and reduced some proposed amounts in order for the levy to be lowered.

Resident inquired about vacant lot which is not buildable. Another property was discussed with substantial increase but it was the council's belief that this was the first year which would be fully assessed for property taxes.

Proposed '95 budget was availale for review. Questions were asked about part time staff and fire truck payments. Taxing process was reviewed, final increase would be approximately between 40 and 45 %. Citizen stated that they do not benefit from municipal utilities project and should not have to pay for bonds through levy process. Mayor explained that 60 % of the project was assessed and 40 % levied.

Citizen complained that policing services were not adequate and that streets were not plowed. It appeared that most residents had an estimated increase about 80 % on their truth in taxation statements.

Citizen asked the the city where they were going from here with all the new construction. Mayor stated that Sixth Street caused a lot of the problems at present but the other subdivisions would not cost tax payers. Another resident requested breakdown of costs on the Sixth Street project. Information could be obtained from office.

Residents voiced concerns about the sewer gas odor problems and water quality. Operator was working on solving these problems and the water filtration plant is being discussed, but city attempting to keep costs down. Citizen questioned who would pay for the sewer pond's expansion. Response was given that the developers are to pay for this expansion.

Citizen inquired about traffic on County Road # 40. At present, there is a car every ten seconds passing. With reflection, what was the anticipated response to this problem when two hundred homes are constructed? Discussion was held on road in and around Carver. Citizen's opinion was that the city was growing too fast.

Another citizen complained about increase on undeveloped agricultural property. Also inquiry was made about Mt Hope Road being paved and/or improved. Mayor stated that the majority would be paid for by benefiting property owners.

Traffic problems were discussed on Sky View Lane, speed on Fourth Street, Kirche Hill Drive and County Road #40. Signs to be posted were requested.

Fire Relief Association

Relief member distributed annual meeting notices inviting the council to attend. Mayor was also informed that he is a member of Relief Board.

Organizational Resolutions

Discussion was held about council members serving on various committees. Council member Peterson expressed interest in representing city on the Planning Commission. Mayor expressed interest in being appointed to vacant position. Motion was made and carried by roll call vote adopting resolution for council representation on committees.

Village Hall

Council discussed rental fees for the Village Hall. Letter to be drafted for the council's review. Council would also like to review lease agreement.

Eagle Ridge Addition

Engineer reviewed the costs per the Developer's Agreement. Council was told that items were completed and could be reduced. Recommendation was submitted that Letter of Credit be reduced. Council discussed reduction should not take place until curb and gutter were completed. Developer was willing to wait for reduction until after the engineer completed inspections. Issue to be put on February agenda for further recommendation.

Public Works Report

Frey reported that because of the weather and Sixth Street being closed he has done maintenance on High Street even though the city has not accepted street yet. Also reported that four-way "STOP" signs have been installed at the intersection of Kirche Hill Drive and High Street.

Inquiry was made regarding standing water at the intersection of Lime Street and County Road # 40. Frey reported that valve had been closed and he removed wheel on the storm drain so it could not be tampered with again.

Sanding of Sixth Street was discussed. Some sanding had been done, but not all because road then becomes a speedway. Sanding of other streets was also discussed.

Contracts

Contracts were discussed. Engineer's rates were not scheduled to change. Motion was made and carried accepting engineering agreement with McCombs Frank Roos for 1995.

City Attorney contract was discussed. Attorney proposed a per diem rate versus an hourly rate. City's costs was raised and third party hours billed at his normal hourly rate. Motion was made and carried approving attorney contract.

Motion was made and carried approving the building inspector's agreement with no changes.

Motion was made and carried approving agreement for the 1994 Audit.

Fire Department

Fire Chief informed the council that the Fire Department was considering the purchase of a computer. Fireman is researching issue. Council was asked for recommendations and/or approval. Mayor inquired about purchase of two computers since it was his opinion that the city could utilize another computer. Issue to be discussed in the future.

Council member requested drafting letter to Fire Department stating that council would like to see firefighters in gear for a fire call.

Miscellaneous

Complaints have been received about junk around the city. Administrator to look into issue.

Council member expressed opinion that the pickup should not be used to plow snow, rather the large truck should be utilized. The pickup should be used for clean up.

Motion was made and carried confirming appointment of Jerry Dauwalter as Fire Chief.

Motion was made and carried adopting resolution transferring funds from tax increment financing to the 1994 Improvement Project Fund.

Motion was made and denied authorizing up to $2000 for recodification review by the city attorney. Revised motion made and carried authorizing $1500 for recodification review. Attorney requested work session to review recommendations for recodification.

Council reviewed the fees resolution. Administrator was directed to review actual city costs involved in reviewing subdivision to determine whether or not fees should be increased.

Council closed meeting to the public to discuss litigation issues. Meeting reopened and Mayor stated that litigation between the City and citizen had been settled.

Suggestion was submitted to publish dog fees and fines in upcoming **"Carver Quarterly"** newsletter.

City Maps

Engineer informed the council that Minnesota Department of Transportation and Carver County requested that city maps be updated. Motion was made and carried authorizing update of city maps not to exceed $400.

Antenna

Sheriff's Department requested the city to waive the Conditional Use Permit Fee for the anttenna. City was of the opinion that it should not be waived. Administrator was directed to discuss issue with land owner about negotiations.

Municipal Utilities

Administrator was directed to look into application permits for water and sewer.

Operator, Wayne Dauwalter presented his resignation for City of Carver. His resignation gave a sixty day notice. Mayor stated that operator had done a lot for the city and hates to see him leave. Operator stated that over last six months financially it has not been cost effective for work done for the city. Council member inquired about training in new operator. Present operator was willing but would require compensation.

Operator was asked to assist administrator in drafting an ad for replacement. Council was asked if they wanted an employee or a consultant.

FEMA

(FEDERAL EMERGENCY MANAGEMENT AGENCY)

Motion was made and carried adopting resolution authorizing execution of subgrant agreement. Administrator is working on the issue of approval for dike work to be done.

East Union Projects

East Union School has "Hats and Mittens On Tree" for the needy. Send items with school children to decorate tree.

East Union School is also collecting eye glasses for the Lions. These can be dropped off at the East Union School.

Carver Lions

Carver Lions are presently discussing the BullHead Feed. (dates to follow) The funds from this event will be used for Community. Example: softball/baseball equipment and the like.

Pancake Breakfast also being discussed. There are four new members on the Carver Lions.

Final estimate was received for the proposed gazebo in the park area. Carver Lions are still hard to work for the betterment of the community. Thanks to their efforts and volunteered time much and many improvements have been made and are being made to your community. Thanks!

Carver Lions also discussed lighting for downtown area.

Progress is being made on the Village Hall renovation. Volunteers, however, are still needed.
