Volume XIV

Villager Tower

December 1995/ January-February 1996

Number one hundred forty-one

Waste Water Plan

Representative from Bonestroo, Rosene & Anderlik informed the council that the height on the sewer ponds could be increased gaining capacity in treatment ponds. This additional capacity would probably be filled after a year at an approximate cost of $90000. Three options are available. They are as follows:

1) Build an interim plant in '97 at an approximate cost of $650,000 which would make it possible to expand to meet future needs
2) Raise the dikes in '96 at a cost of $90,000 and build an interim plant in '98
3) No action in '96, build an interim plant in '98 which would involve changeover from grey water to a black water system

An interim plant would carry the city through the year 2002, if the city grows as anticipated. Council member inquired about plans if growth did not occur as predicted. The remainder of the community would have financial hardships paying for this system if growth did not occur as predicted. Opinion was given that the Chaska's plant would be available in 2008. However, it was representative's opinion that it would be more cost effective to build and operate their own plant.

Council member asked about adding black water versus gray water. Representative stated that pond capacity would decrease and probably MPCA would okay interim plant. The met council would object however. It was council member's opinion that an interim system would be used longer than predicted since it was doubtful that the city's growth would be as fast as predicted.

Council reviewed cash flow and hook up costs based on municipal utilities assumed connections. New plant costs discussed. Fear expressed regarding the growth of population being less than projected.

Employee presented opinion that an interim plant should be approved and presented to MPCA (MN Pollution Control Agency) and the Met Council.

Waste Water Plan continued -

Motion was made and carried with all ayes submitting Feasibility's Plan for the interim plant as proposed by Boonestroo and prepare the design.

Motion was made and carried by roll call vote adopting resolution direction submission of the Wastewater Facilities Plant to the MPCA and Met Council. Motion was made and carried with all ayes scheduling Public Hearing for Storm Water Management Ordinance.

Truth n Taxation

Two property owners questioned tax statements since it was 40 % percent higher than anticipated. Council discussed attempts of attracting industry into city to increase tax base. Property owners inquired about plans for industrial development in '96. Mayor explained that not all new valuation of homes was on the tax roll and the council has been working on industrial expansion. Commercial industrial area was discussed. This area is planned for light industrial.

Since turnout was light and no calls were received questioning tax statements, then the '95 levy would be reviewed, if no changes were made, then levy would be adopted.

Mount Hope Cemetery League

Administrator met with league and reviewed the major topics. Attorney recommended that ordinance not be adopted until the league has transferred property to the city. Liability was questioned.

Cleaning Services

Council was told that the Sentenced To Serve will be cleaning offices at no cost. Cleaning would be done once per week. Council discussed purchasing a carpet cleaner.

Comprehensive Plan

Costs to date regarding the Comprehensive Plan were reviewed. Plan is complete and ready for submittal to the Met Council. Motion was made and carried by roll call vote adopting resolution to resubmit Comprehensive Plan to the Metropolitan Council. Public hearing was also scheduled.

Council was informed that Comprehensive Plan has been submitted to the Metropolitan Council.

Townline Road

McCombs engineer reported to the council regarding drainage on TownLine Road. A second drain had been installed eliminating any problems from rainfall.

Letter should be forwarded to the county requesting that road be extended to County Road #40.

Mt. Hope Road Feasibility Study

Engineer discussed submitted Feasibility Report and estimated project costs for water main and sewer extensions, storm sewer and reconstruction of Lime Street and Mt Hope Road.

Water Supply Plan

Water Supply Plan was distributed to the council by Bonestroo representative. It was his opinion that Carver's most immediate need was a back up well. The old RailRoad well would be checked but it was doubtful that this well could be utilized for a municipal well. A plan should be obtained for a water treatment plant. Report needs to be submitted to the Met Council and DNR. Motion was made and carried with all ayes approving Water Supply Plan be submitted by Bonestroo.

Bookkeeping Program

Administrator explain individual who has been researching the different programs and which type of bookkeeping systems would be best for the city. Motion was made and carried with all ayes allowing this individual to perform services.

Attorney Proposals

Present attorney presented letter for his services to the city. Melchert, Hubert, Sjodin and Willemson also presented proposal for services.

Motion was made and carried hiring Larry Harris as the city's attorney.

Engineer Services

McCombs Frank Roos representative gave presentation for engineering services, as did Wm R Engelhart Associates. Council discussed issue at great lengths. Bonestroo, Rosene and Anderlik and Associates also presented proposal.

Motion was made and carried appointing Boonestroo, Rosene and Anderlik as city engineers.

Planning Services

Ms Greenfield offered to provide services on an as needed basis at an hourly rate. These services involve reviewing subdivision projects, industrial park projects and any other major projects to ensure that they meet with city codes/ ordinances and such. Motion was made and carried with all ayes to employ individual for consultation planning services until December 1996 at a flat rate per hour on an as needed basis.

Public Works Report

Water problem at Fourth and Broadway was discussed. This area needs to be connected to the storm drain. Concrete curb and swale installed needs to be done to correct snow build up problem. Snow removal was immediate solution.

Council discussed pathway on Sixth Street. Council consensus was that clearing path was greater than public benefit. A trail along Mt Hope Road was also discussed.

Yellowstone Raccoons 4-H club

Members are reviewing projects in preparation for fair entries.

Municipal Utilities

Utility operator wants to redesign gauges setting water tower level. Current pressure gauges require upgrading. Updating the system should be researched was the consensus of the council.

Public Utilities superintendent submitted a Safety Manual for review. This manual was to be reviewed and discussed at a later meeting.

Report was submitted regarding quote received from Benetec to upgrade the existing water controls. Additional quotes were requested. Benetec was only asked since they'd installed current controls.

Trouble was reported with the telephone alarm system for lift stations. Superintendent expressed interest in buying another alarm system for $550 for a dial alarm system and would get another quote.

Budget

Motion was made and carried by roll call vote accepting resolution adopting the '96 levy. Motion was made and carried by roll call vote adopting resolution reconfirming reassessments.

Fire Department

Fire Department Election Results:

Fire Chief	Jerry Dauwalter
First Assistant	Leon Goetze
Second Assistant	Skip Lowe
First Captain	Jeff Wertish
Second Captain	Gayle Kling
Training Officer	Jeff Feltman
Fire Marshall	Calvin Wilson
Secretary	Jeff Wertish
Treasurer	Robert Mel Nelson
Safety Officer	Derek Anderson
Member at Large	Paul Schultz

Township Fire Rates

Council discussed Township Emergency Services Rates. Dahlgren Township announced disfavoring an increase. An increase from $72.50 to $75 per unit for '97 was discussed. Rates should be set for only one year.

Councilmember informed the council that the Fire Department is considering purchasing a different rescue unit. It was council consensus that an increase was necessary. Council should talk with Fire Department regarding future needs.

Disclaimer

The preliminary unapproved minutes from the City of Carver's council meetings were referenced to compose the Villager Tower.

Sixth Street

McCombs submitted a set of as-builts for review. These as-builts showed depths, and exact locations. These plans could also be utilized in the field.

Historical Grant

Administrator introduced part-time individual, Andrea DeJoy who works three days per week. Ms DeJoy will be working on grant application for historic RailRoad Water Tower. Motion was made and carried with all ayes to submit application to MN Historical Society.

Miscellaneous

Motion was made and carried with all ayes supporting the HRA relending program.

Pay equity report was discussed. Issue to be discussed at a later date.

Motion was made and carried by roll call vote adopting resolution accepting Metropolitan Liveable Communities Act Housing Goals for affordable and life cycling housing.

Council discussed Mueller's request regarding parcel conveyance. County requested city begin annexation of three and half acre parcel from Mueller's. Letter requested that lot is to be used for public purposes. Motion was made and carried to forward agreement with Mueller's to county with letter stating intent for use.

Administrator developed new employee evaluation sheets for personnel. Evaluations to be completed for discussion at January meeting.

Motion was made and carried with all ayes approving '96 Prosecution Agreement/Carver County attorney's office.

Letter of gratitude should be forwarded to Rescom Electric for work done on community park shelter and playground.

Administrator requested authorization for Feasibility Study for industrial park. This issue to be discussed at a later date.

Council reviewed letter to Carver County requesting solid waste abatement grant funds which would be used for spring clean up.

Council was told that Fire Relief funds need an audit conducted. Question was posed whether or nit city auditor would submit and estimate for services.

Black Sox Fund Raiser

The Carver Black Sox are sponsoring a money calendar. The cost is $20 per calendar (ticket). There are 365 winning numbers drawn. You can win more than once. Prize will range from $20 to $500 per day. The drawing will be held on December 27, 1995 at the Carver City Hall.

The proceeds will go to the Riverside Parks. We need to save the parks we have because of the number of people playing ball. We want to try to raise the field as well as build a dike around the fields. This project will be done if our application is accepted by the National Guard. If this can't be totally done, proceeds will go to the completion of the new community parks, the shelter and towards construction of a kid's "tot" playground at the site.

At one time or another 90% of us have enjoyed the parks by the river. We've watched games by kids and adults. We've enjoyed the peace of sitting/fishing by the river. Help save these parks. We want to use these parks all of spring and summer not only a couple of weeks a year.

We need help to sell the tickets. If you can help sell or just wish to purchase a ticket, call Paul Reimer at 448-3422.

Thank you! Carver Black Sox
