Number One Hundred Forty Eight

November/December 1996

Village Tower

Announcement

Larry Wilkinson has invited anyone interested to come and participate in the Bible Study at the Village Hall every Sunday Evening from 6:30 PM to 7:30 PM. This Bible Study is open to everyone. If you have any questions you can contact Mr Wilkinson at 467-2227 weekdays after 6 PM or weekends.

Annual Customer Appreciation Day

The Annual Customer Appreciation Day will be held on December 11th. Stop in for refreshments and sign up for our prize drawings of Postal products. Hope to see you then!!!

Carver Post Office Crew

Animal Control

Citizen expressed complaint regarding leash law for cats. She opposes leashing of cats. A written complaint regarding the ordinance should be submitted to the city opposing ordinance.

Snowplowing

Citizen complained about snowplowing. Frey commented about dissatisfaction with sloping of streets after municipal utilities construction.

Camping

Boy Scouts expressed interest in observing council meeting. Troop was told that they were welcome. Troop leader also inquired about camping in River Side Park since the troop was asked to leave the area because of ten o'clock PM curfew. Park and Recreation Board was directed to see about camping at one of the other parks. Staff was told to check with the DNR regarding local camping sites.

Carver Fire Relief

Council was informed that Relief Association was requesting an increase to $1250 per year of service from $1000. Information for review was distributed. Council was also told that additional funds would not be a cost to the city.

Main Street Parking

Carver County requested parking change from diagonal to parallel parking on Main Street West/County Road # 40 because of snow plowing problems. Motion was made and carried by roll call vote adopting resolution requiring parallel parking on Main Street West between Broadway and Hickory Streets.

Third Street West

Council discussed street parking on one side on Third Street West. One council member asked about "NO PARKING" on the north side instead of south side of street. Parking on both sides makes streets inaccessible to homes on edge of the street for emergency parking. Snowplowing is also a problem on Third Street West. Since Fourth Street is a main artery street, the snow is removed. Question was asked if snow couldn't also be removed on Third Street.

Citizen asked about odd/even parking for snow removal. Citizen complained about no parking since there is unavailable parking. Street needs to be widened. Council consensus was to post "NO PARKING 2 AM - 7 AM after 2" SNOW" on the south side of Third Street West. Frey was directed to shape up alley for better access.

Eagle Ridge

Several residents were present to discuss the utility access/trail. The Administrator gave a brief history of the trail and this was part of Phase I of the Eagle Ridge subdivision. Administrator was of the opinion that a hard surface trail was necessary in order to access septic tanks and clean out storm drain system. Several homeowners had not been told of any trail upon purchase of homes. Other residents were in favor of trail. Width was necessary for equipment access. Residents requested delay in order to find a resolution. Motion was made and carried delaying construction of access trail.

Election Results

Congratulations to elected officials.

Carver's Mayor: Michael Terry
Council Member: (4 Year Term\2 Elected)
Cynthia Monroe
Tim Gieseke
Council Member: (2 Year Term\1 Elected)
Nancy Mulhern

Welcome aboard Ladies and Gents!!!

Miscellaneous

Sheriff's Department reported to the council that Carver has been one of the quieter areas since school resumed.

Chief Dauwalter reported that two bids were received for the old rescue truck. It was his opinion that more money could be made if sold off of a car lot.

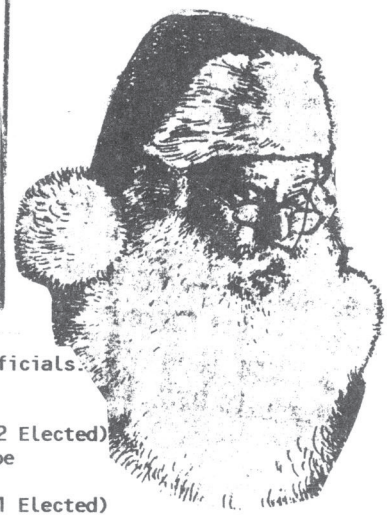

Old maintenance garage needs to be reroofed.

Mt. Hope Road

A discussion was held concerning the installation of more street lights on Mt Hope Road. Area is very dark. As a safety measure more lights should be installed due to traffic increase from development. Motion was made and carried to have street lights installed.

County Road #147

Carver County Commission had been invited to review County Road # 147 before it was turned over to the city. County Board to overlay the road next spring. A turnaround will also be constructed which will become a city street, an extension of Broadway.

Municipal Utilities

Operator was directed to check into planking salvaged from an elevated wooden water storage tank.

Request was submitted to upgrade substation which has blown six times during this past summer.

Request was also made to form a committee to investigate a new fire station so that present station could be used for public works garage. Firefighters should be part of this committee. Operator was directed to get quotes for storage rental for seasonal equipment.

Operator inquired about resolution to water tank overflowing and flooding of a nearby field. Several solutions are being worked on.

Waste Water Treatment Plant-Interim Design was discussed. Engineer gave presentation explaining adding a clarifier to the ponds which would extend the life of the ponds several years and add capacity. The cost would be approximately $800,000.00. Information was given on sewer extension to Highway #212 on Town Line Road for an Industrial Park. Sewer services would not be available for Carver until 2010 or 2020. Met Council, however would support Carver as a free standing rural center.

Attorney talked about grant funds possibility for sewer system expansion. Based on sewer fees there are some grant funds. A schedule had been formulated. A facilities Plan has been drafted. Motion was made and carried to submit an amendment to the Facilities plan to the Pollution Control Agency.

Carver Bluffs

Developer requested reduction in Letter of Credit for Carver Bluffs and accept public improvements such as streets and curbs. City expressed concern regarding damage to streets used by equipment for construction. Attorney suggested engineer inspect streets before consideration. Suggestion was also submitted to draft an agreement as an amendment to the Developer's Agreement for plowing of streets. Motion was made and carried authorizing attorney to draft an amendment to the Developer's Agreement for Carver Bluff's snow plowing.

Cleaning Services

Services for cleaning city hall and office were reviewed. Attorney's opinion was that person doing service should be an employee. Options were discussed. Administrator was directed to complete comparative cost chart for employee versus cleaning services. Motion was made and carried to appoint individual as a part-time employee for sixty days for cleaning services.

Disclaimer

The preliminary unapproved minutes from the City of Carver's council meetings were referenced to compose the Villager Tower.
