Volume XV
Number One Hundred Forty Five
December/January/February/March 1996/1997

Villager Tower

Public Safety

Sheriff's Department representative was present at the meeting to report on the agreement for extra patrol. Motion was made and carried approving the agreement for additional patrol with sheriff's department.

Sheriff's Department scheduled four (4) hour shifts for the first quarter of the year. Inquiry was made regarding break-in, which is still being investigated.

Fire Department

Chaska VFW donated money to the Fire Department for gear. Department will forward a thank you letter.

Council was informed that an ad had been placed for the Fire Department step van without a disclaimer to reject any or all bids. It was the attorney's opinion that this was not a problem for the city and that the Administrator should handle this issue at conciliation court. The van will be sold through Lenzen dealership.

Fire Chief informed the council that the department's roof needs repair. The individual is to be contacted to get repairs completed.

Disclaimer

The preliminary unapproved minutes from the City of Carver's council meetings were referenced to compose the Villager Tower.

1997 Budget

Citizens were present to discuss fiscal issues with the city. One resident complained about municipal utilities and services and county taxes being paid. Budget discussed should have decreased and the county needs to be contacted. Another resident compared taxing with the City of Chaska and another citizen expressed questions regarding parks and salaries which the council addressed. Another citizen inquired about merging fire and police service with the City of Chaska, but Chaska is not interested in such a proposal.

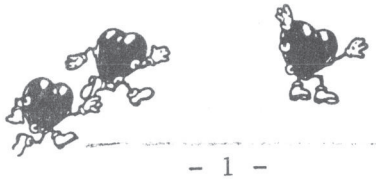

Truth In Taxation Continuation Hearing was announced which was held on December 10th. Council scheduled a work session.

Carver Fire Relief Association

Motion was made and carried adopting resolution amending Fire Relief By-Laws to increase retirement benefits to $1,250.00.

Fire Services Agreement

Fire Chief and attorney have reviewed the Fire Services US Fish & Wildlife Agency Agreement. The attorney had concerns, but the refuge is in the Fire District and the refuge will help fight grass fires outside its area. Other communities which have this type of agreement are to be contacted to inquire how its working for them.

Public Works Report

Frey requested that Gilfillan be officially closed as work is not completed. Motion was made and carried closing Gilfillan for the winter.

Sirens will not be tested again until March.

Parallel parking on Third Street East should be done when present business has completed its move. Motion was made and carried to have parallel parking on Third Street East.

There is leakage on the Village Hall roof.

Road Ordinance

Council review Road Ordinance and discussed the issue. Engineer informed the council that parts had been revised. Motion was made and carried adopting Road Ordinance and authorization for summary publication.

Organization Resolution

Organization resolution was reviewed with council members volunteering for positions. Motion was made and carried adopting amended resolution.

Miscellaneous

Administrator reported that in the future the Fire Department will have to submit mileage documentation and requests for reimbursement. The firemen have also been approved for insurance by the Lion's for 1997.

Council discussed Personnel Policy. Review and changes were made.

Municipal Utilities

Council discussed the water tower overflow.

Council discussed proposed wastewater treatment plant improvements and a probable schedule. Engineers will be seeking authorization to begin design phase. Some grants may be available to the city, but the city should attempt getting on the MPCA's loan improvement lists. It was opinion that the city would not be eligible for LMI grant.

Engineers reviewed the proposed timeline for construction of wastewater treatment plant. Administrator was of the opinion that there were enough available funds to pay for Phase I, which would take approximately 4 months to complete. Council discussed loan program to help finance the project. It was recommended that the design phase be authorized. There are more available platted lots than there is good capacity.

Economic Development Authority

Public Hearing was held to establish Economic Development Authority. Motion was made and carried adopting resolution enabling the creation of an Economic Development Authority in the City of Carver. Motion was made and carried by roll call vote adopting resolution to confirm appointments and terms of commissioners of the Economic Development Authority. Motion was made and carried to hold the initial meeting following council meeting.

Carver Lions

Carver Lions participated with Victoria Lions in a dinner at Victoria.

101 pounds of perishable food for Food Shelf was collected from the Halloween party.

Lions Christmas party was a nice dinner and a successful event. Lions held a fundraiser for an accident victim. Bike Safety Rally being held again has been discussed. Fruit baskets (60) were donated to citizens throughout fire districts. Midwinter Convention was held in Mankato.

Lions are planning Pancake Breakfast for March 9th at the Village Hall from 8 AM - 1 PM. Advance ticket sales can be purchased. Contact any Carver Lion.

The projects for the City has been substanial from the Carver Lions both, monetarily and financially. The Lions have donated to the Lions Park, Public Works Building, Community Park and the Village Hall. Let's all remember to thank them.

Pull tab sales are up which in turn are put right back into the city.

Carver Bluffs

A) Council discussed snow plowing agreement with Carver Bluffs. The attorney was not in acceptance of the proposed agreement, however it would protect the city employees. City Engineer had not been willing to accept streets in addition. Liability language should be included in the agreement. The attorney stated amendments should be included, as well as a reference to the snow removal policy.

Streets had been inspected and there were some problems with construction. A letter is to be drafted with explanations. Recommendation not to accept the streets was submitted.

Engineer also had some issues pertaining to park improvements and storm drainage. Letter of credit reduction request was denied.

B) Engineer inspected streets in development. Work is not completed. Mueller's will be doing repair work. Motion was made and carried to have a 2% crown put on Carver Bluffs Parkway.

Council was informed that the snow plowing agreement has not been signed for Carver Bluffs. Developer is of the impression that service should be provided by the city. The League of MN Cities has been contacted for its opinion. The League's recommendation is that Certificates of Occupancy should not be issued until streets are constructed and accepted. This being a separate issue, snow plowing should be continued, attempting to reach an agreement with developer. Attorney's determination should be sought.

Riverview Estates

Administrator and council reviewed the Planning Commission's recommendations for Riverview Estates. It was the mayor's opinion that the Developer's Agreement should be in place prior to final plat approval. Motion was made and carried adopting resolution approving Riverview Estates Final Plat. Motion was made and carried deciding drafting of Developer's Agreement for Riverview Estates.

Church By The River

Carver-On-The-Minnesota has a confirmed tenant for the Church By The River. They will be having small group bible discussions and prayer time in conjunction with fun activities for youths.

The Church By the River will be Carver Community Church. Denomination will be 4 C's which is the acronym for Conservative Congregational Christian Conference. This group will also be restoring the old historic church, as well.

Any question, feel free to contact Larry Wilkinson at 467-2227.

Carver-on-the-Minnesota

Carver on the Minnesota are tentatively planning meeting in late March or early April.

Yellowstone Raccoon

Yellowstone Racoons 4-H'rs have new members. Older members are presently helping and working with newer and younger members with records for 4-H.

Members are planning for their projects for Fair entries.

Help preserve a piece of Minnesota's history

The East Union Store was built in 1936 in East Union, Minnesota.

Proposed Project

We would like to move the East Union store to the Scott-Carver Threshers' festival site. The store will be restored at the festival site to recreate the small-town general store that sold everything from cookies to nuts and bolts.

When

Immediately. The moving company would like to move the store prior to April, 1997.

Projected Cost

$10,000.00 to cover the cost of the moving company, plus about $6,000 to cover the cost of permits to relocate it at Jordan, the cost of a foundation, a basement, and new shingles.

Building Inspection

The Scott County building inspector has inspected the store and given his enthusiastic approval to the project.

Benefits of a Contribution or Sponsorship

>The Threshers Association is a 501(c)(3) educational organization so a sponsorship or a contribution is tax deductible.

>A sign will be erected to give credit to your involvement. It could read "Sponsored by..." or "Through the generosity of..." or other phrasing that meets your requirements.

>Your name will be included in the show's publications in recognition of your help.

>You will be preserving a piece of Minnesota history.

Send your check to

Scott-Carver Threshers, Box 44, Jordan, MN 55352
