Villager Tower

After talking with new residents of the City of Carver, I thought it might be appropriate to re-introduce the "*Villager Tower*" with a brief overview, and some basic information so that those of you who are not familiar with the newsletter will understand the where, when, why, and how of its conception. As well as when and where to find the newsletter.

The purpose for the creation of the newsletter twenty six years ago was to inform citizens of the events occurring within the city at the city council. It has always been the intent of the editor to report facts, boring as it may be at times, get as much information out as available, encourage others to submit newsworthy, noteworthy information, and make it fun while keeping my own opinions to myself. It is my belief that this goal has been achieved.

The newsletter is distributed throughout the City of Carver at the local businesses, specifically, Lisa's Place, Harvey's, the Hair Salon, Klein Bank, Carver Liquors, Siggy's, Post Office and Casey's. The local businesses have been the supporters of the ongoing newsletter. Without their generous support the citizens would not be reading this newsletter. So an extra thanks is sent out to each and every sponsor, and they all know who they are.

The newsletter is printed monthly. Trying to establish and stick to an exact date has proven impossible over the years. Although the 20th of the month in the past has been established as a good submittal date. Since it is monthly, events sometimes must be given in almost a month and a half in advance. An example would be Steam-Boat Days. I have to start looking at the July issue to ensure that this huge event gets printed on time for the citizens. Otherwise it is too late.

Donations are tax deductible. Anyone can offer to help support the newsletter. Many supporters prefer to remain unidentified. Submission for articles in the newsletter can be sent to, 14210 County Road 40, Carver, MN 55315 or you can call at 952.448.5126.

Water Reservoir

An interim fence was necessary temporarily around Well No #4 until a new pump house is constructed. A six foot high temporary chain link fence with a gate needed to be constructed at the water tower site. Quote had been obtained. Motion was made and carried with all ayes approving the change order for a filtration system and temporary fencing.

The city engineer updated the council on the discharge project of Well No #4. Last fall's testing of water pumping requires adjustment. The county is also requiring that the discharge water be treated. Costs for Option #4 were recommended by the engineer. Alternatives were also discussed. Motion was made and carried with all ayes accepting routing Option #4, utilizing designated property for detention settlement, and the staff was directed to implement the option.

Pavilion in Riverside Park

The Carver Heritage Preservation Commission is soliciting interest in the possibility of reconstruction of the 1890's Victorian Pavilion in RiverSide Park that was destroyed by a 1925 tornado which kill-ed three people. The Heritage Preservation Commission also has an opening for a commissioner. If interested, contact the Carver City Hall.

Did You Know

....that in August 1897 the Steamboat *Henrietta* took 700-800 Modern Woodmen of America on an excursion from St. Paul to Carver's Riverside Park.

John von Walter

Financial Consultants

The financial consultants for the City of Carver reviewed with the council the General Obligation Improvement Bonds Series 2008A and General Obligation Utility Revenue Bond Series 2008B. The purpose of the bonds were to pay for the construction and engineering costs relating to the DownTown Street Project and for the construction and engineering costs for the Storm Water Improvements associated with the same project. In order for the bonds to qualify as General Obligation bonds, at least twenty percent of the project would be required to be assessed. A 429 Assessment Hearing would be necessary to be scheduled for the 2008A bonds. The purpose of the General Obligation Utility Revenue Bonds Series 2008B are for the construction and engineering costs for the sanitary sewer improvements, inclusive of the new lift station and lines for Oak and Third Streets, as well as the construction and engineering costs for the downtown street construction, the elevated reservoir, well number four, pump house and extension of raw water mains.

The city was asked about checking the city's ratings. The consulting firm would conduct this research. Authorization was released to research bond rating for the city. Bond insurance was asked about. Question was asked whether or not the assessment numbers given for the bond issue were actual or estimates. The city attorney pointed out that the numbers were estimated, however bond money was necessary to finance the project. The financial consultant would return to the city for the July 7th meting for the bond sale. Motion was made and carried with all ayes adopting resolution providing for the sale of the general obligation bonds, series 2008A. Motion was made and carried with all ayes adopting the resolution providing for the sale of the general obligation utility revenue bonds, series 2008B.

Carver Youth Baseball / Softball Association

What a wonderful year our youth are having. As I write this update, tonight was a tribute to Paul Reimer's Legacy. John and Peter have our Carver boy's baseball team for 3rd-4th grade playing great as they played Montgomery.

The fields were chalked, they even chalked the Carver name on the field behind Home plate. Yes Paul's drive, passion, and inspiration to get baseball back in Carver for our youth is a reality.

T-ball and Coach pitch also are having a great time. On Tuesday and Thursday nights we have over 120 youth playing and the smiles and fun just radiate.

Our girl's tournament will be the weekend of July 18th, 19th and 20th at Pioneer fields. Go Carver. We will have 8 teams playing in the tournament.

Thanks for everyone's support for 2008.
Submitted by.....Jane Thon, CCYBSA

Cassandra and Alexis

We are so proud to announce that Phil and Shawn Clay, (our other kid), has given Cassandra a baby sister. The baby was born on June 13th at 11:48 AM at Ridgeview Medical Center. Alexis Ann met her mother weighing 10 lbs, 5 oz and was twenty two inches long. I know mom and dad are so very proud. Big sister will be looking out for Alexis. Congratulations Shawn, Phil, Erin, Grandpa Tom, Great Grandparents Cusser and Joan, aunts and uncles and Shel! Our love is being sent special delivery to the whole Clay package! We are so proud of you Shawn!

Carver Fun Run

Due to the weather this year, the Carver Fun Run did not have as many bikers as in the past. The turn out was still wonderful, however. There were about one hundred to one hundred fifty participants for the Carver Fun Run in May.

Everyone had a good time, and, as always, good food. There were prizes distributed to winners making it even better. The fun began at noon and dinner served at completion at six that evening. Then more fun was had. The winners of the 50/50 prizes from each participating bar : Joe Lipinski at Harveys, Jughead at Lisa's Place and 'Renaissance' Jim at Siggys. Participants buy tickets and at 6 PM when the drawing takes place, the pot is split and the diabetes fund gets half the amount collected and the winner takes the balance.

Most importantly, a kid will be sent to Needlepoint Camp, thanks to the Carver Fun Run. Thanks are extended to all of the sponsors of the event, as well.

Carver Lions

The Carver Lions are busy, busy, busy. They held elections, but only have a partial list of new officers. An updated list will have to follow in the next issue. The Lions President for 2008/2009 is Harlan Thaemert; First Vice President is Linda Schutz; Secretary is Cheryl Peterson and the Treasurer is John Schuelke.

The Lions are always busy, planning, and improving your community. They meet the first Wednesday of the month during the summer months. It may be well worth your while to stop in, have dinner with them, check them out and listen at their meeting at the Village Hall, which I believe begins at 6:30 PM. It is a roomful of fun.

SteamBoat Days

Submitted by: Mary Williamson

As the summer gets underway, the committee is in full swing. As of this month, our website has been updated with this year's registration sheets for the Parade, Sponsors, and City Wide Garage Sale. The Sponsor request letters have been sent and the orders for our Steamboat Committee Weiner Stand are being finalized. Music has been chosen and we are enjoying a great influx of interested food and game vendors that want to participate in the largest local celebration.

The Black Sox members (past & present) and families are gearing up to join us this year as our Grand Marshall(s). They have also offered to set up in the City Hall, a trip down memory lane. They will be gathering uniforms, equipment and other related memorabilia to share with Steamboat attendees. We are reminded by the Black Sox, that the City of Carver has always been a close knit community and whose strength comes from all those that get involved. Whether in the stands, on the field or on a committee - Thank you all who attend and enjoy Steamboat Days each year!

For 3 days every year, I, along with this community, have celebrated Steamboat Days. Every year we work to integrate new ideas and energies with old. I have seen the weekend grow from a few hundred attendees to a few thousand. The committee has done a spectacular job embracing the growth of the community and event. This year, we will be incorporating a slice of the 1800's to help remind us all of where it all started.

In cooperation with the HPC (Carver's - Heritage Preservation Commission) Steamboat Days will be offering Horse Drawn Carriage rides from Riverside Park around the Downtown Area. The route will include several of Carver's Historic homes and properties. There will also be some old time games to participate in - potato sack race, tug of war, roll the hoop & more! If you are interested in or have more ideas for helping with this or any other part of the weekend let us know – its success depends on you!

The attendance for this meeting was: Jim Weygand, Jeremy Rich, Greg Osterdyke and Mary Williamson

Our next meeting will be July 9th @ 6:30 in the City Hall Basement For information please contact me, Mary @ 952.454.5407. Or check out our website at www.carversteamboatdays.org

Carver Car Cruise Event

Submitted: Linda Schutz

Come to downtown Carver and check out that classic car you always dreamed about. The Carver Car Cruise is the place to be on the 2nd Wednesday of each month - May through August from 6-9pm - on Broadway, downtown. June's scheduled day is the 11th. See ya' there.

RiverSide Rhapsody

"A Community Coming Together"! Best of All: It's easy: parking is available at the park and within walking distance from downtown. It's Free! The concerts are absolutely FREE! It's an event for all ages. Bring the kids...or come without them. It's a great gathering! Join your neighbors, friends, and family. It's great food! Made available by the Carver Lions Club. Coolers are welcome, no hard liquor or glass bottles. (PS: What you Pack IN – Please PACK OUT TOO) It's something different! A variety of featured music.

RiverSide Rhapsody is a Music Festival at RiverSide Park in Carver. The last concert will be Wednesday evening, the 25th at 6 PM until 8 PM. In the event of inclement weather, the music festival will be held in the Village Hall. This will be the last event for now.

Kristy adds:

"The weather looks like it should be great this week!

Aimee Fischer & The Snazzy Band

Blues, Jazz, & Rock'in Folk

Riverside Park, 300 Main St. E

6:00pm – 8:00pm

Bring a lawn chair or a blanket. The Lions will be cooking.

Coolers welcome. Family friendly event.

For more info, go to www.cityofcarver.com."

Post Office Remodeling Update

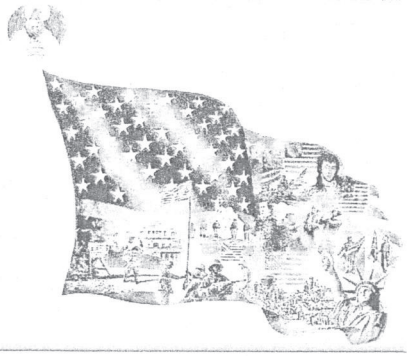

The remodeling project on the Carver United State Post Office is complete. Peg said " Thank you everyone for your patience and understanding during the remodeling. We are now back to our regular schedule. Again thanks to everyone! Have a great summer!"

Tentative Agenda

6) Municipal Utilities Report
7) Building Inspector Report
8) City Planner Report
9) City Engineer Report
10) City Attorney Report
11) Administrator Report
12) Liaison Reports
13) Other Business
14) Adjourn

Fireman's Softball Tournament

Summer just began and here we are announcing the Fireman's Softball Tournament mid July. Summer is already going too fast. Agreed? Well, the Softball Tournament is scheduled for Friday, Saturday and Sunday July 11th through the 13th. The Fire Department hosts the entire event including the organization, advertising, cooking/concessions, extra fun, etc. It's always a fun event and good eaten'....so keep up the good work everyone. And THANKS!

Did You Know

....that Carver's Riverside Park was the site of the Carver County Fair from 1884-1922. The fair was put on by the Carver County Agricultural Society, with much involvement by Carver merchants.

....that in the 1870s and 1880s the Carver Brewery owned by Berthold and Anna Hertz was producing about 500 barrels of beer per year. The brewery was in operation in Carver already in the 1860s.

....that in 1887 the Carver County Fair put on by the Carver County Agricultural Society was returned to Carver's Riverside Park after a hiatus of three years in Chaska.

....that in January 1874 a greater portion of Carver children were suffering from whooping cough and that even town Dr. E.H. Lewis had contracted it.

John von Walter

Upcoming Road Closures and Detours

Various construction projects in Carver and the surrounding area will begin soon that will affect travel routes for residents of Carver. The projects are as follows:

MNDOT Project - New TH 212 (Go to www.dot.state.mn.us; 212 Project Updates)

1. CSAH 11 (formerly CR 147): Closure from Existing TH 212 to north of Spring Creek Drive
   Construction Date: 1 month from early July 2008 to early August 2008
   Description of Work: MNDOT will open new TH 212 to the Carver area but there will be no access to south bound CSAH 11. Utilities will be placed, southerly entrance ramps constructed, and CSAH 11 will be built up to match the new bridge under construction.
   Traffic: Detour via CSAH 40 and 43

2. Mount Hope Road: Closure from Forner Lane to Existing TH 212 and CR 61
   Construction Date: 1 month from early July 2008 to early August 2008
   Description of Work: MNDOT will open new TH 212 to the Carver area but there will be no access to Mount Hope Road via existing TH 212 or CR 61. Utilities will be placed and Mount Hope Road will be built up to match into the new connection to CR 61.
   Traffic: Detour via CSAH 40 and 43

3. County Road 61: Closure from CSAH 11 to Mount Hope Road
   Construction Date: 1 month from early July 2008 to early August 2008
   Description of Work: MNDOT will open new TH 212 to the Carver area but there will be no access to CR 61. Bridge Panels will be placed at that time.
   Traffic: Detour via CSAH 40 and 43

City Projects (Carver)

4. Interceptor Project: Closure of CSAH 40 from CSAH 11 to 6th Street East, Main Street from Hickory to Railroad, Oak Street from Main to 4th, 3rd Street from Broadway to Railroad, 4th Street from Broadway to Lime.
   Construction Date: Various Closures from August 2008 through 2009
   Description of Work: The City and MCES will be placing a new sanitary sewer interceptor system from the existing wastewater plant to the baseball fields in Chaska. Various street and other utility improvements will be done in conjunction with this project.
   Traffic: Detour via CSAH 11

City Projects (Chaska)

5. CR 140 Signals and existing TH 212: Closure of existing TH 212 from Creek Road to new CR 61 Connection
   Construction Date: August 2008
   Description of Work: Part of the MNDOT's 2007 Mill/Overlay project of existing TH 212 was delayed until 2008 to avoid further access issues to Carver. The overlay project was added to Chaska's signal project to be done once new TH 212 and CSAH 11 are open to traffic. Guardrail work will also be done.
   Traffic: Detour to new TH 212 and CSAH 11

Carver County Projects

6. CSAH 40 Mill/Overlay: CSAH 52 to Mount Carmel Road
   Construction Date: Summer 2008
   Description of Work: Mill and Overlay
   Traffic: Traffic Delays, Single Lane Closures

Did You Know

....that in 1882 Carver had three doctors, one lawyer, a real estate and loan office, a flour mill, a grain elevator, six general stores, a carding and feed mill, two drug stores, two brick yards, two hardware stores, two lumber yards, one grocery, one brewery, two watch makers, two carriage makers, one photographer, two harness makers, one tailor, one veterinary surgeon, two boot and shoemakers, one milliner, one bakery, five saloons, and two hotels.

....that in 1881 Carver brick maker J. M. Nye and Company made 1,250,000 bricks.

John von Walter

East Union 's 150th Anniversary Celebration

In case you missed last issue's announcement : The East Union Church's' 150th Anniversary Celebration. Here is the revamped repeated announcement. There will be ghosts coming to visit and talk to people and help celebrate their 150th Anniversary. You did know, that the East Union Church is famous don't you? It's the site where the founding of a famous college had its beginnings? Which one? Well the Gustavus Adolphus College!

So, if you didn't know this, you really should mark your calendars to come and hear what those famous ghosts have to tell you about the history. One of the ghosts told me that there will be Cemetery Ghosts Tours on Saturday night, June 28th from 6 PM to 8 PM. The Ghost ours will center around the early families, who their families were and trace their roots down through history to the present day. For instance, Anders Olson, one of the ghosts is being portrayed by his great, great great gandson, Ron Olson. Several other ghosts have current family members representing them to tell us how any of those embers are buried in the cemetery. The ghosts will also be dressed in period attire. A Civil War veteran is on the guest list to share history. These period guests will tell stories about pioneer life in Minnesota during the 1850's. It was said that Eric Norelius took a steamboat to Carver, walked to East Union and preached to a minister-starved community in May of 1857. That was his first trip. He was also one of the founding fathers of the St Ansgar's Academy to later be known as the Gustavus Adolphus College in St Peter.

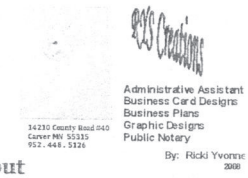

Then on Sunday, at 10 AM Bishop Craig Johnson, ELCA Minneapolis Area Synod, and student of Eric Norelius will be giving the sermon much like his predecessor. Former pastors will also be in attendance. The guest organist will be Dr David Fienen of Gustavus Adolphus and special music by Barry Fox Brass Ensemble. Not an event to be missed is my guess.

Then after the service the festivities continue with even more excitement. The hall is to be adorned with historic memorabilia. The community will have commemorative items available for purchase. There will be a panoramic photo taken of membership, which is done every fifty years, and this will be only the third time it is done. There will be live bluegrass music by the Haining Family. There will be confirmation class reunions, a roving photographer, and a 150th anniversary book for sale with more of the church history.

A catered dinner on the church grounds is planned. The date for the dinner is Sunday, June 29th and scheduled to begin at 11:30 AM. There will be a free-will offering for dinner, but request is made that reservations be made so as the caterers know how many to expect. RSVP's and registrations are requested by June 15th. (contact the parish office at 952.448.3450)

Also, as a footnote, if you are interested in researching the genealogy of your family history in connection with the East Union Lutheran Church, you are asked to please contact the Parish Office at 952.448.3450.

RYS Creations

RYS Creations will be conducting administrative assistant work to those managers who do not wish, nor have, the expenditures to hire a full-time office person, but need the administrative paperwork completed for their business. What we used to identify as 'secretaries' are now classified as 'Adminis-trative Assistants'. Along with that title change also came job re-sponsibility changes. Many companies are beginning to outsource this work, saving them money.

With that in mind, I am introducing my concept to those futuristic-minded management personnel who require to have their office paperwork done, but don't have enough work to justify a part or full-time individual. Have special needs, need the expertise that you don't possess? Give me a call at 952 . 448 . 5126. I have different packages, different programs, set up to coincide with your specific needs at reasonable costs. I have more than thirty seven years' experience in the office environment and am very good at what I do Give me a call and we'll see if there is something we can do to help one another out.

Need a plan created, need a project researched, need a business plan and card? Give me a call and we'll talk. Incidentally, I am also a public notary. So in case on a weekend, or maybe an evening you have a legal document you need to get notarized. The banks, businesses are all closed. Can't wait. Need it now. I can help you out with that too in the evening or on the weekend. Look forward to hearing from you. References are also available.

United States Stair & Specialties

Did you know that Carver has "the stair guy" amongst their midst? Well, okay, some of you do and some of us have just been introduced to him and his wonderful website and his skills. How come y'all kept him a secret and to yourselves? Hmmmm?

Much of the following information was taken from the two websites: www.usstair.com and www.stairguy.com. They were both very interesting websites and it was quite an enlightenment, as well as beautiful craftsmanship. Some of that information is being shared with you because some do not have the time and some do not have access or even own a computer so we are going to introduce you to Mr Rolland Scholler and his beautiful work. If you can go to his website, you are encouraged to, the workmanship is outstanding.

"I believe" Mr Scholler says, "that stairs are amazing structures. They are a very integral part of our lives and appears that no matter where we go, we always seem to be running into them, either up or down. People have been building practical and extravagant staircases for thousands of years. Over that time, a mystery began to develop as they became more elaborate.

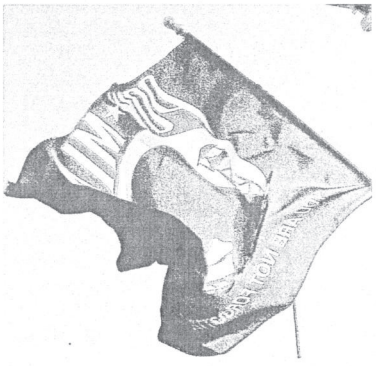

" What of the old world masters of Europe that built magnificent stairways into palaces, churches and mansions? Most hung onto the mystery of their trade as dearly as life itself. Some even took it to their graves, if they couldn't find an individual they deemed worthy to carry on their tradition. Why? The reason for this mystery is "secrecy". Stair building is an art form and these old masters, as the masters before them, protected that art form from becoming diluted. Many masters would turn over the secrets of their trade to a first born son or another offspring. Most would deem, only towards the end of their lives, who was worthy to receive this gift and who was not.

"Because of their covertness, we now have a problem. These masters did such a good job of protecting their secrets; this craft is now in jeopardy of becoming extinct! What I am getting at is the art form is dying. It is important that we meld today's knowledge with the past, but sadly it is almost nonexistent and the innovations of yesterday are slowing fading. For me it is vital that the knowledge is passed on."

In 1986, President, Rolland Scholler established United State Stair and Specialties in Minnesota. They manufacture custom carved staircase projects using their own unique prefabrication systems. They install wooden and metal spiral staircases, as well as, straight staircases with conventional and unconventional railing systems. US Stair has unique products to meet their customer's requests and tastes. Their design service includes varieties of standard and custom banister styles in wood and/or metal. Plus the wood products range in species of domestic and exotic.

US Stair offers design service, support service, self-help videos, parts and accessories, and tools and jigs so that you too can create what he is teaching, staircases. Again, Stair Guy has two interesting websites. It is well worth your time to check them out. 'Stair Guy' is committed to delivering the bet products in the industry and providing the support necessary to satisfy his customer's needs. This includes teaching aides.

So there you have it. Now we are introduced to very own Carver's "Stair Guy" and learned some very valuable information. There's more to his story too. But will you have to check that out for yourself. I am so glad that I stumbled across his business while searching on line for something else and was brazen enough to call him up and chat. More people need to know he exists. Good job 'Stair Guy', and thanks for the lesson and the knowledge of some absolutely fantastic staircases.

"Once a person's name is recorded, they can never be forgotten"
... Minnesota Assistance Council for Veterans

Summer with Funky Minds

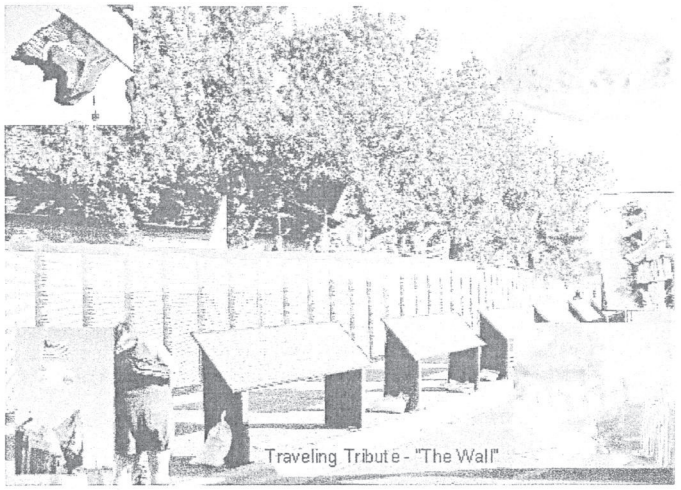

Gather your neighbors and join Funky Minds for summer fun! On Monday mornings we will meet for Park and Play at Carver Community Park off of HWY 147. On Thursday mornings we will meet at Funky Minds downtown. In the event of rain, we will open the gym downtown if it is available. Check out this month's special events.

For more details and the latest updates e-mail funkyminds@gmail.com or pick up a calendar from the faux mailbox near the Funky Minds entrance.

Because of the creative efforts of community volunteers, all programming at Funky Minds is free and open to the public. All ages are encouraged to attend. Funky Minds is a nonprofit organization dedicated to building community by facilitating relationships between businesses, faith-based organizations, governmental agencies, educational institutions, community based organizations, and individuals. Contact: Anna Edlund, 952-448-2932
