Volume XXVI
Number Two Hundred Forty Eight
August / September 2008

Annexation

The City of Carver council held a special meeting for the purpose of discussing annexation issues. A long term agreement is requested by the Township of Dahlgren. The township has a set fee regarding annexation. Meetings have occurred with all of the developers discussing these fees. Commercial developers are of the opinion that the city should sign the agreement and the commercial developers would be responsible for payment of this fee. Residential developers oppose paying the fee. The city attorney explained the procedure required should the city take the stance of non-payment of an annexation fee. The attorney was confident of a positive outcome should a lawsuit occur, however the costs were expensive, but by the same token this cost would be paid for by the developers. The council was informed that if the city made to the decision to oppose the fee, the city would then be the first city to take this stand since other cities have been paying the fee. It was the attorney's opinion that there was nothing justifying the amount of the fee.

Dahlgren Township Board member representative met with City of Carver personnel discussing the Orderly Annexation Agreement. Two topics discussed involved the township becoming incorporated and taxation reimbursement. The township board agreed that the language in the agreement state that the township would not incorporate any area that is part of the annexation agreement. The township board also agreed that the township would remain firm with their dollar amount and not the amount offered by the City of Carver.

2009 Prosecution Contracts

The Carver County Attorney, Jim Keeler was at the council meeting to talk about the 2009 Prosecution Contracts. The council was thanked for their time while reviewing the ongoing relationship for the prosecution contract for 2009. A Power Point Presentation was presented. The county attorney's statutory obligations and services are covered in the contract. The hourly rate for the services will increase. Most of the costs are covered by fine revenue. The city attorney stated that there were significant non-economic reasons for this type of arrangement. The most important evidence for this situation was to maintain continuity for the Sheriff's Department since they work with the same prosecutor's in different communities, thereby allowing consistency in the way issues are prosecuted. Motion was made and carried with all ayes approving the Carver County Attorney's 2009 Prosecution Contract.

County Road #40 Name Change

The city engineer informed the council that the personnel at Carver County were in the process of notifying residents along County Road #11 of the new street name change. Intentions are that local street names be assigned to the current county roads that are addressed by County Roads designation to help with emergency responses and mapping. Emergency dispatching personnel have been meeting with the fire chief. The council reviewed the concerns to County Road #40 going west of town. Suggestion was submitted to consider the names for County Road #40 from Main Street West to County Road #11 identified as "Main Street West". County Road #40 from Chaska Boulevard (old Highway #212) to Fourth Street East/Lime Street as "Old Carver Road". Motion was made and carried with all ayes adopting the resolution adding local street names to County Sate Aid Highway #40.

A Dahlgren Township Board member received notification that County Road #147 name would be changed to Jonathan Carver Parkway (County Road #11). Statement was made that the change would affect four addresses in Dahlgren Township. The county would be contacted stating approval of the name change.

Bluff Ordinance

Citizen spoke with the council regarding discussions involving the city's Bluff Ordinance. Clarification of a bluff had been conducted. Request for a building permit was the ultimate goal involving this issue. Application for a permit was done. Provision of all the necessary information was given. However the building inspector stated that a survey was necessary.
Cost issues were discussed involving a 14' x 14' sun porch addition over an existing concrete slab. It was the homeowner's opinion that the determination of slopes from the county information was adequate. A higher level of accuracy necessary was questioned.

Clarification of the difference between a survey and contour map survey was given. The City Planner stated that the County GIS LIDAR data does not meet survey requirements. Ordinance language requiring a survey beyond the lot boundary and why a topographic survey provided by the county was not a survey was questioned. These requirements are typical when involving an area of a bluff or in a set back of a bluff. The area involved is in the bluff.

The discussion evolved regarding the slab being in compliance. This fact was not known and typically a set back is not measured from this area. There was discussion of who put the slab in. Question was asked if there was a permit on file for reference purposes. Procedures involved with building permits was reviewed. Boundary definitions using this information for the contours were reviewed to determine whether or not survey work was required. Question was asked if the property in question was considered bluff based on the GIS information. It was the planner's opinion based on that information alone, used for preliminary analysis and advising staff that the area may be a bluff. It was established that by city ordinance a survey would be required and deviation from that was not recommended. The survey's purpose was for necessary exacting measurements.

The city attorney's recommendation was that the city not make a decision on the request until they have a topographic survey per ordinance requirements necessary to determine if the area is bluff or not. If determination is made that the area is a bluff the permit would be denied. Action against the city cannot be done until the determination has been made.
A determination based on the County GIS Coordinates are not accurate enough for this type of determination. The homeowner was of the opinion that the standards were unreasonable whether area of concern was natural bluff or man made. Question was asked about the variance processes. The permit was being denied because of the bluff, it was denied because of the ordinance requirements unfulfilled, being a survey was necessary. To proceed with the request a survey was necessary.

Metropolitan Council Environmental Services

The council was asked to approve or deny the Conditional Use Permit for the placement of fill in the floodway relating to the reconstruction of County Road #40 during the Metropolitan Council Environmental Services Interceptor Project. The city engineer reviewed the proposed project consisting of raising County Road #40, in order to reduce the frequency of road closures during the periodic flooding adjacent to the MN River. Motion was made and carried with all ayes adopting the resolution approving the Conditional Use Permit placing fill in the floodplain for reconstruction of County Road #40.

"Do not follow where the path may lead. Go instead where there is not path and leave a trail."
- Ralph Waldo Emerson

US Fish and Wildlife Service

Representatives attended the council meeting presenting plans for the Rapid Lake Unit. Introductions were made. MN Valley Lands is a Corporate Entity, a non-profit subsidiary of MN Valley Natural Wildlife Refuge Trust, Inc and is the legal entity that is going to be party to the Cooperative Agreement.

Minnesota Valley Lands is a land holding subsidiary. This trust was created approximately seven years ago with a settlement involving the Metropolitan Airports Commission and the US Fish & Wildlife Service. The settlement funds are being spent locally to expand the boundaries of the Minnesota Valley Refuge. Locally they have been completing the Rapids Lake Unit.

The Refuge Manager of the Minnesota Valley National Wildlife Refuge and Wetland Management District talked about the plans for the Rapids Lake Unit. Work would be started on the trail along Carver Creek as part of the restoration and trails system. Work on the trail was being postponed while impact considerations were being studied on the fisheries resources in Carver Creek. A survey completed in 1999 and 2000 indicated that Carver Creek was one of the most diverse streams or rivers in the metro relating to fish species. More survey information was being obtained in order to call upon an expert to manage it.

The discussion continued on the proposed Memorandum of Understanding and a cooperative agreement between the City of Carver and the US Fish and Wildlife Service. The city attorney explained the Memorandum of Understanding and the Ash Street Bridge. The cooperative agreement relates only to the Ash Street Bridge. The agreement is non-controversial as the city has already fulfilled its part of the agreement by removal of the bridge. Motion was made and carried with al ayes approving the Cooperative Agreement between the City of Carver and MN Valley Lands Inc.

The city attorney explained that the Memorandum of Understanding is a three party agreement between the City of Carver, US Fish & Wildlife Service and Minnesota Valley Lands Inc. The agreement involves varieties of issues and the attorney highlighted the important areas. The Memorandum of Understanding acts as a petition requesting the city to vacate the Carver-Louisville Road. There are two parcels city owned in fee in the middle of the property identified as the old Hartung land which will be conveyed to the US Fish & Wildlife Service. There is a commitment by Minnesota Valley Lands Inc that will convey the part of the Carver Bluffs ballpark.

There is an issue with the Carver Creek Trail as a municipal trail which is not the same as traditional US Fish & Wildlife Service trails. The biggest difference involving bicycles. The US Fish & Wildlife Service does not allow bikes on trails. The Memorandum of Understanding states that the US Fish & Wildlife Service has the right to terminate the use of bicycles on the trail on or before 12/31 of 2013 The agreement itself can be terminated by either party with ninety days written notice and Council needs to be aware that the US Fish & Wildlife Service will always be in charge relating to the terms of bicycle use on that trail. They may not act upon it, however the city needs to be aware of the risk. The trail will not be paved, it is class 5 gravel.

The mayor stated that it was his opinion that the Refuge is an asset to the Community. The City would like to work with the US Fish & Wildlife Service supporting their activities. The Refuge and Trust are making major commitments in time, energy and finances to link the Refuge with the City and sees a bright future. Snowmobiles and ATV's will not be allowed in the Refuge either. Motion was made and carried with all ayes approving the Memorandum of Understanding between Minnesota Valley Lands, Inc, the City of Carver, MN and the United States Department of Interior - US Fish & Wildlife Service.

Filing Notice

NOTICE IS HEREBY GIVEN that the Office of the City Clerk will be accepting affidavits of candidacy for two (2) Council member positions. The two (2) Council members will be elected for four (4) year terms from January 1, 2009 to December 31, 2012.

Interested persons may file at the City Clerk's Office, Carver City Hall, 316 Broadway, (phone 952.448.5353) starting at 8:00 a. m. Tuesday, August 26, 2008 until 5:00 p. m. on Tuesday, September 9, 2008.

Personality can open doors, but only character can keep it open."

- Elmer G Letterman

Highway #41

The council discussed the Chaska's W-3 Option for the Highway #41 Drafted Environmental Impact Study. The city planner reported that the Drafted Environmental Impact Study with comments from agencies and the public were released the summer of 2007. A review of comments received determined that that the least environmentally damage practicable alternative appears to be the C-2 corridor. Recently City of Chaska were in discussions with various agencies in the process regarding adjustments to the corridors to define an acceptable corridor for the final Environmental Impact Study. City of Carver personnel had attended some of the past meetings where the Chaska personnel are now promoting a new W-3 corridor.

The city planner informed the council that it has been brought to the city's attention that some misrepresentation has occurred concerning the City of Carver's opinions regarding the W-3 corridor. The information related that the City of Carver, other agencies on the northern side of the river support the W-3 corridor. The mayor stated that he attended the meeting when the route was presented. Statement was made that this was the first time this route had been viewed. Comment was made that the route was devised by the city planner. The mayor questioned the city planner who stated that she had drafted the said route. A meeting was held with the Chaska City Administrator, a City of Carver representative and Representative Joe Hoppe. Discussion was held to negotiate an agreement. Reminder was made that the US Fish & Wildlife Service, DNR and MnDOT would not agree to the proposed route. The purpose of that meeting was to present a united and uniform proposal contrasted from the other entities whose opinions differed. The representative from Carver stated that the only agreement was an equal distance route proposal for both cities.

The proposed W-3 route presented as conceived from Carver was reviewed and discussed. None of the council members supported this route Statement was made that allegedly Chaska personnel had also told MnDOT of Carver's approval of the route. The city planner stated that apparently there had been a meeting with MnDot who were led to believe that the proposed route was originated from Carver, unaware of it not being the case. Letters had been drafted for the council's consideration disputing this information. Betrayal by manipulation and false information were discussed. The letters forwarded would reiterate the misunderstanding and confirm the City of Carver recommendation for the new proposedroute as not being a route that they supported. Suggestion was submitted that the letters also be sent to the agencies of MnDot, US Fish & Wildlife Service, Carver County, Cities of Chanhassen, Shakopee and Scott County. Motion was made and carried with all ayes authorizing forwarding letters to the addressed parties as discussed.

Disclaimer

The 'unapproved' minutes of the council and the township have been referenced for the purposes of reporting news in the "*Villager Tower*" and creating the contents of this newsletter for the purpose of informing residents in the City of Carver and the townships surrounding the city.

Carver Card Club

The next get together for cards, games or just conversations is scheduled for Wednesday, September 10th at 1 PM to 4 PM in the basement of the Village Hall, hosted by Carver Lion Evelyn Grimm. If anyone would like to bring a favorite dessert to serve with coffee, let Evelyn know at 952.448.9465. Bring a friend or family member.

Open Air Market

The Carver Business Group is proud to again offer the Open Air Market at Gazebo Park from 10 AM to 3 PM on Saturday, September 20th, 208. The Market will include really cool vendors, antiques, vintage items, artists, crafts, art, jewelry and live music by Identity', farmer's produce and home made foods.
The business group is still seeking more vendors too. For more information go to the website at www.carverbusiness.org or call, 952.292.8479 . Be sure to come and support this DownTown event!

Township Website

The Dahlgren Township board reviewed and approved proposed website design for their township. The board is to review the contents. Once changes and additions have been completed the site will go live on line.

September Primary and General Election

In case you are not sure, new residents, or just needing reminding. Carver residents within city limits go to the City Hall to vote on the September Primary which is September 9th and those residents of Dahlgren Township vote at the East Union School building. Election day is November 4th. Voting polls are the same for the general election as were for the primaries. Be sure to exercise your voting rights. Even though it may not seem like it, your vote does count.

Budget

The city administrator reviewed with the council at their budget meeting the levy limits imposed by the State for 2009 and a notice from the MN Department of Revenue telling the city what the limits are and how they compare to the General Fund Levy. The city is within the limits imposed.

The Public Works Director alerted the council of the state of the 4th Street Bridge. It was the city engineer's opinion that steps to repair the bridge should begin. Costs, plans and specs for submission to the State and the bonding process are all part of the process. Question was asked about use of Rehabilitation Load Funds for repairs. Possible federal funding assistance was suggested. The administrator was directed to discuss the bridge issue with the engineer and director and report back to the council.

The council reviewed each department's budget. Fire Department salary costs were clarified. The council was asked about consideration regarding offering a portion of police services to the townships Their thought process was that it would help with additional officer time. This was an item to consider for the 2009 budget. Council consensus was that the budge was ready for approval at the September meeting.

West Union 150th Anniversary

Seems like at every turn there is a 150th anniversary celebration occurring. This fact should not be all that surprising if you just stop long enough to absorb all the events taking place this year throughout the State of Minnesota. It would only make sense. If Minnesota is celebrating it's hundred and fiftieth birthday then other important places would also probably have been founded during the same time period. We are all just too busy and always in such a 'rush mode' that we don't give our senses the time to absorb or process this information around ourselves.

Well, West Union Lutheran Church is not taking a back seat in their moment of praise. They celebrated their 150th anniversary with members and friends the weekend of August 16th and 17th.

Saturday evening of the 16th of August, 2008, West Union Church held a 'Vespers Candlelight Pioneer Service" at 7 PM. The congregation experienced the beautiful voices of the choir named "Cloudberries" who sang in Swedish dialect for the guests. The youth of the congregation gave dated announcements from pioneer days in the life of West Union from 1858 to 1889. A candle lit segment of the service was shared throughout the congregation with the ushers passing the light from the minister to the guests as each individual simultaneously lit each person's candle from the other that they all received upon entrance in the vestibule. The top off of the evening celebration theme of thanking and praising the Lord, desserts were served in their Fellowship Hall. Members had lovingly and generously baked the delicious, delectable treats for all to share over conversation, recollection of past memories and sharing memoirs.

Sunday's festivities involved the 10 AM service. A group photo was taken of the congregation following the service. On the front lawn of the lovely old church were historical displays with experts to explain their exhibits. Among guests and member were conversation and reminiscing. Inside the church were more exhibits of memorabilia from generations of family members back to the early days. History books were available, along with note cards and prints. The event also hosted a catered delicious dinner for their guests. There was ham, fried chicken, cheesy potatoes, cole slaw, roll with choice of coffee or water for beverage. There was chocolate or marble cake to top off the dinner. If you were still thirsty, there was a root beer float, plain ice cream or your choice of a variety of sundae toppings with a souvenir cup reading "West Union 150 Years Lutheran Church". The afternoon entertainment included horseshoes, face painting, and an animal petting zoo for the youngsters.

"A friend is someone that reaches for your hand and touches your heart"

Support Our Local Food Shelves

During the month of OCTOBER – Bring in one (1) non-perishable item and receive $1.00 off any service with LeAnn at the Carver Hair Salon. Bring in five (5) items, $5.00 off any service, ten (10) items $10.00 off any service, etc.

Go Carver Go Website

Have you checked out the website that was up and running as of the 1st of August? This website: "...initiated by Carver County Public Health and further developed as part of Carver County's Community Planning program, funded by Prevention Minnesota, a Blue Cross and Blue Shield of Minnesota initiative. Through collaborative planning efforts with multiple County Divisions and City Planners, we were able to gather information to create a county-specific gateway for all Carver County activities and opportunities related to active living." What if you don't have a computer? The library can help you.
It appeared to be a very user friendly website and quite interesting. Check it out! I did.

Carver Craft and Quilt Club

Fall is fast approaching when the seniors play cards, the crafters move indoors. The Carver Craft and Quilt Club meets in the lower level of the Village Hall. They will begin meeting again on October 4th. With all the hustle and bustle of SteamBoat Days, the crafters will not be meeting in September. Watch for details in the near future.

Carver Creek Dry Goods

There are four owners for the Carver Creek Dry Goods: Objects and Art (Suzanne Thiesfeld), Mustard Moon (Jane Hall), Frosted Payne (Darla Ambroz) and the Hog Shed (Claire Baxter). Each has their own business too. Carver Creek Dry Goods is a collaborative shop effort to bring the customer, gifts, home accents, vintage wares and furniture and original artwork. Carver Creek Dry Goods is only open three days a month, except for September. Their dates are September 18th, 19th, 20th and 21st (Sunday 11 AM – 3 PM); October 23rd, 24th and 25th; November 20th, 21st, and 22nd; December 11th, 12th and 13th. Hours of operation for this endeavor is 10 AM – Thursday till 7 PM; Friday until 5 PM and Saturday until 3 PM. Carver Creek Dry Goods is located in the old Kraemer's Cafe Building at 300 Broadway. Website: www.carvercreekdrygoods.com. Check it out. Suzanne says, "Get there early and get your stuff because each month the store changes out most of it's merchandise. With the holidays coming up, you'll find lots of unique things to decorate your home or give as gifts. Shop local. Also, because over 50 % of our merchandise is vintage, we are a shop that believes it's important to reuse and recycle!"

Carver Lions

Be sure to stop in and see and support the Carver Lions Beer Tent at SteamBoat Days. The Beer Tent will be open Friday through Sunday during SteamBoat weekend festivities. The other big Steam Boat Days event sponsored by the Lions is the FireWorks Display on Saturday Night. Don't miss this FANTASTIC DISPLAY! Each year is stupendous! Job well done, Carver Lions. See ya' there!

The next fundraiser the Carver Lions are working on is the Annual Youth Halloween Costume Party. The party is scheduled for October 25th and further announcements to follow. So watch for more information in the next newsletter.
"Everyone is welcome to attend a meeting before making any decision to join this great group of people. The Lions meet in the lower level of the Village Hall on the first and third Wednesday of the month during fall and winter at 6:30 PM. Be their guest for dinner, meet all kinds of wonderful residents of Carver!"

District #112 School District

RiverSide Park Archery Range

Submitted by: Kristy Mock
Visit the outdoor archery range at RiverSide Park for FREE! Please follow all posted rules and regulations for the safety of all. Enjoy!

Renaissance Festival

The Renaissance Festival runs every weekend through the end of September. Each weekend has a theme. The dates and themes are as follows: August 30th, 31st and September 1st [Royal Ale Fest]; September 6th and 7th [Irish Heritage]; September 13th and 14th [Wine Gala]; September 20th and 21st [Italian Carnivale]; September 26th, 27th and 28th ["Sweet Endings": Chocolate and Romance].

Charcoal Drawing Class

Submitted by: Kristy Mock

Learn the secrets to 'seeing' the object and turning it into the drawing on paper. Join Suzanne Thiesfeld in this beginning drawing class, to learn the basics, brush up on old skills and create a project for yourself. All materials are included. Open to all skill levels. Adults and Youth 14 and older, on Tuesdays, September 23rd and 30th at Carver Village Hall at 6:30 PM to 8 PM for $14.00/person.

Hatha Yoga – Fitness Class

Submitted by: Kristy Mock

Don't miss this fitness class. Learn and practice basic yoga postures to bring strength, balance, alignment and awareness of the body. Dress in comfortable clothing. Mats and equipment provided. No cell phones please. Adults at the Carver gym. Fall Session #1 from 6:30 PM to 7:40 PM on Tuesdays, September 9th through October 14th for $30.00/person. (Code: 2008.901)

Fall Morning Session * will be at 10 AM to 11 AM on Thursdays, September 25th through October 23rd for $25.00/person.

Vision Board Night

Submitted by: Kristy Mock

Have you heard the latest and greatest way to bring all that you desire into your life? Do you want to find love, happiness, abundance? Do you want to travel to places you have only dreamed of? Now open your eyes, grab some tag board and that pile of magazines stacked on the coffee table, then join us for a night of creation! Take a goal setting to a higher level. Vision boards are a fun and creative way to explore what you want to attract to your life. Adults on Tuesday, October 7th from 6 PM to 8:30 PM. $5.00 collected at the door. (Code: 2008.906 *) * Please register ahead of time *

Tag board and other supplies provided. Bring old magazines, and if you like, a dish to share.

Carver Youth Baseball / Softball Association

Congratulations to the girls' teams! There were four teams in Championship Tournaments and two Second Place teams. See you next year. Watch for future announcements.

East Union Lutheran Church

Announcement! Time is running out to view the 150th Anniversary portion of the website of the East Union Lutheran Church. This section of the website will be terminated the end of September. Presently, you can go on line view and order prints through the webite taken by Gabi's Personal Photography. The prints are beautiful. You might be surprised and find yourself photographed. Check it out. You can also order the prints from Gabi's Personal Photography by contacting Nannette at 952.873. 2851. It's worth looking at. You never know, you just might find that you might like a copy. They are at least worth the time to look at.

Carver Black Sox

Carver Black Sox 60th Year SteamBoat Day Celebration!

To Celebrate Sixty Years of Carver Black Sox Baseball, the Black Sox have been invited to participate as 'Grand Marshals' in the Annual Carver SteamBoat Days Parade! [How cool is that huh?] The Black Sox will be having refreshments and 'Social Gathering' at the Carver Baseball Field (6th Street and County Road #147). Those invited to the gathering are the past and present Black Sox players welcomed to bring families and friends to enjoy the parade and join in for sharing of memories. Anyone with Black Sox Jerseys and/or cap are encouraged to wear or to bring any memorabilia to share.

If anyone knows a former Black Sox Player, please e-mail pastplayers@carverblacksox.com with information and decade played or call Bob Poppitz at 952.448.5430, or Jean Amrhein at 952.448.5145, or Mike Sparrow at 952.448.8855.

Sammy's Hide Out

Have you stopped in at Sammy's HideOut yet? Maybe you should. The new kids' on the block are here. Josh grew up in Wisconsin in an area very much like Carver. He bought his first bar in Wisconsin at the age of eighteen. Quite an accomplishment for a young man. It is clearly obvious that the man named Josh likes the career choice he has made. Bar ownership has met his expectations. He enthusiastically responds to the question of enjoying his latest venture. Cody, his wife, and children Ally, Sammy, and Ruby certainly have to be proud. Another helping hand in the family business is brother, Justin. Josh, Justin and Cody all wanted an original name for the bar. Since their theme in Carver is family orientated, family owned and family friendly, it is not hard to see his choice of name, "Sammy's Hide Out". As the kids grow up, Josh wanted a place for the kids to hide out at. What better name choice? They are really promoting music by scheduling live bands each weekend and special events. His ultimate goal is to attempt developing stand up comedian presentations. Lookout Carver, this could become that "Hot Spot" to be at for good, clean, fun entertainment. Congratulations, welcome and Good Luck to Cody and Josh, Justin and family!

Carriage Rides

Did you hear the news? The Heritage Preservation Commission will be hosting narrated Carver Historic District Carriage Ride Tours. Also the commission will be hosting olde time children's games at the west end of RiverSide Park from 10 AM to 2 PM (running every twenty minutes) on Saturday, September 6th during SteamBoat Days festivities. This could be a Kodak moment opportunity too. Don't miss this event! It's sounds so 'antiquish'....No, I am not making fun. I am trying to get you excited to be sure to go and check this event out and if not going on the carriage ride tour, you will at least take a picture!!!
