Legislative Update

Representative Kohls attended the council meeting. He informed the council that the largest issue at the State level is the budget. It was the representative's opinion that the state depends too heavily on certain types of taxes and that long range financing has fallen short in their planning. The mayor pointed out that the state is causing quite a difficult situation and making it difficult for the city to maintain it's AAA rating. The mayor did not want this rating jeopardized.

Municipal Utilities

The city engineer shared several color suggestions with the council for the water tower. Also discussed was the name and logo for the tower. A decision would be required soon. The staff had chosen Desert Sands and Hunter Green. One council member stated that it was their opinion that the words, "city of" be included with the name, "Carver". Motion was made and carried with all ayes approving the two colors for the water tower.

The council reviewed and approved the change order involving the well pumping facility. The scope of work involves building permit allowance through Carver County and miscellaneous plumbing changes required by the building official.
Motion was made and carried approving the city engineer's efforts to process change order for the well pumping facility.

Heritage Preservation Commission

The council was asked for authorization to submit a grant application for plaques for the Heritage Preservation Commission. The administrator explained that the Heritage Preservation Commission would like to complete ten additional plaques for historical properties. If the grant were designated the costs would be minimal due to the efforts of the Heritage Preservation Commission members. Iris Valley General Store

Iris Valley General Store is located in nearby Jordan at 415 South Broadway Street in the Historic Jordan Brewery. It is an experience that you really don't want to miss. Trust me, I have been there and more than once. It is a fantastic, neat, and unique shop. Schedule a visit, you won't regret it. Owner Kathy Kreuser and her staff are warm, friendly and eager to help you find whatever it is you seek.

Iris Valley opened in September of 2006 in the yellow Victorian house just north of the brewery property. Kathy moved to the brewery location in June of 2008, renaming the establishment *"Iris Valley General Store"*. She expanded her square footage into the other half of the Brewery in November of 2008 just in time for Christmas. There were 5 fully decorated Christmas Trees, each with a different theme.
The shop is filled with unique gifts, home décor, and lots and lots of other 'in' products. You ask what? Well you will find accessories from purses, jewelry to foot wear in this unique store. Check out the website for weekly specials at irisvalleygeneralstore.com. Kids can find those furry critters that are so popular because *"Iris Valley"* is Jordan's official Webkinz retailer. Right now adorable Cotton Candy Bunny has arrived just in time for Easter. Mark your calendar for The Webkinz Extravaganza on May 1-3. Local chocolatier Jenny Reisma of Themed Elegance, Inc. is providing handmade chocolates & bon bons to Iris Valley. They are made fresh in Jordan and are a delicious treat for yourself or for a gift. Also, custom themed cakes can be ordered for weddings, birthdays or any special occasion.

Kathy and her husband Mike have lived near Jordan for 27 years. They have 5 children; Becky, Melissa, Joe, Matt, and Haley. They own and operate Kreuser Roofing Inc.

Store hours are Tuesday and Wednesday 10 AM to 6 PM. On Thursday you can shop from 10 AM until 8 PM. Friday and Saturday 10 AM until 5 PM. Sunday open at noon, but can get it finished before dinner at 5 PM. Be sure to tell Kathy what you thought of your shopping experience in this fantastic setting. If you don't take the time to check this store out, the only person you can blame for missing the experience, is yourself, so hurry, schedule a trip to the historical brewery building and check out *"Iris Valley General Store"*.

RYS Creations

RYS Creations will be conducting business as an administrative assistant doing the work that managers choose not to do, nor have the expenditures to hire a full-time office person, but need the administrative paperwork completed. 'Administrative Assistants' replaced 'secretaries'. Along with this title change came job responsibility changes, as well. Many companies are beginning to out-source this work, saving money.

Thus is the introduction to the concept to the futuristic-minded management personnel who require to have their office work completed, but don't have enough work to justify a part or full-time individual. Or you have special needs, need the expertise of an administrative assistant? Give me a call at 952 . 448 . 5126. I have different packages, different programs, and set up to coincide with your specific needs at reasonable costs. I have more than thirty seven years' experience in the office environment and am very good at what I do. Give me a call and we'll get your office work in order and save you money and time.

Trouble composing letters, memos, reports? Want someone to calculate employee timecards? Looking for an individual to straighten out your filing needs? Many of those time consuming tasks can be done cost effectively and save you time. Need a plan created, need a project researched, need a business plan or card? Give me a call and we'll talk. Incidentally, I am also a public notary. So in case on a weekend, or maybe an evening, you have a legal document you need to get notarized. The banks, businesses are all closed. Can't wait. Need it now. I can help you out with that too in the evening or on the weekend. Look forward to hearing from you. References are also available.

Fees Ordinance Changes

The city council adopted two ordinances amending the fees ordinance relating to municipal utilities in the city. Increases will occur in the Sewer Connection Fee and the Water Connection Fee. To encourage water conservation the council also made changes to the Tier Structure (Block rates). The Sewer Use Charge will also see an increase, along with the Storm Sewer Utility Fee increase.

Orderly Annexation Agreement

A hearing occurred with the City of Carver Council and the Dahlgren Township Board Supervisors discussing the orderly annexation agreement negotiated between the two entities. This process has been occurring over the past three years.

The synopsis of the agreement involve typical annexation, and annexation will not occur unless petitioned by the resident or residents of affected property. This agreement involves approximately six thousand four hundred acres, boundaries listed in the agreement. Platted lots will require fifty percent of owners in existing rural residential subdivisions. Municipal utilities will be required on annexed properties. Construction of municipal utilities may be done prior to annexation in some instances. Prior to annexation the land use authority remains with the county and the township subject to the transition area provisions of the county's zoning ordinance. Requests for Conditional Use Permits, subdivisions, rezonings, land use changes, grading, or filling permits will be allowed to be reviewed by the city. A township representative will have a seat on the city's Planning Commission.

Carver Lions

The Carver Lions welcome three new members over the past months. Tim Carroll, and Julie and Roland Peak are busy being involved in this prestigious club. The Lions donated money to the Chaska area youth baseball association. They sponsored the bar at the Fire Department 's Steak Fry and donated the proceeds back to the Fire Department .

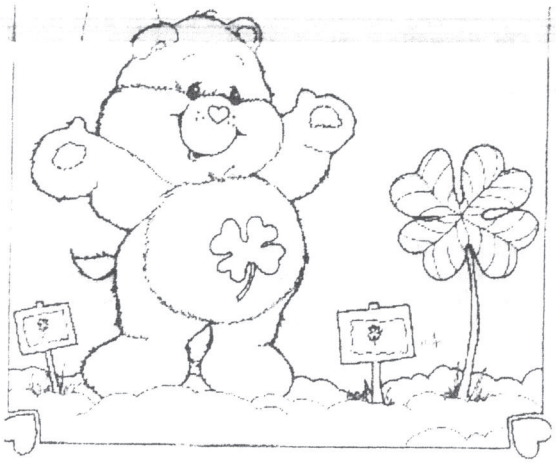

The Lions participated in the annual Mankato convention that hosted the "Rockin' Hollywoods" band who played to the "Back to the 50's" theme of the weekend event. There was a costume judging event. Those who participated in the 50's can truly appreciate the Lions' enthusiasm to this event this year. The Carver Lions, once again, won the RR Zone governor's contest. This year again also the Carver Lions took the winnings for the "First Time Convention Attending" for the second year in a row. Last year it was Chris Jerome, and this year it was Kathy Elke. Congratulations Carver Lions. There were forty-five participants in the "First Time Attending".

This year again, the Lions will be hosting the Riverside Rhapsody events with serving food, beverages, and beer for the events. Spring is just around the corner.

The Lions meet the first and third Wednesday of each month. Be sure to come and check them out. These people do not sit still for one second. Doing, doing, doing and for the benefit of others. Thanks Lions!

....that in April 1874 the renowned Episcopal Bishop, Henry B. Whipple, visited Carver in dealt to the Dakota Indians in Minnesota. Whipple was probably instrumental in the company of Reverend William R. Powell. Bishop Whipple in an 1862 open letter to President Abraham Lincoln, and in a later meeting with the President, addressed the inequities getting Lincoln to pardon 265 of the 303 Dakota who were sentenced to be hanged for their complicity in the Sioux Uprising of 1862. The remaining 38 were hanged in Mankato on Dec. 26, 1862, the largest mass execution in U. S. history.

Do you really know why we celebrate March 17th?

St Patrick's Day is an annual feast which celebrates St Patrick, one of the patron saints of Ireland and is generaly celebrated on March 17th. The day is a national holiday of Ireland. It is a bank holiday in Northern Ireland and a public holiday in Republic of Ireland and Montserrat. In Canada, Great Britain, Australia and the United Sates and New Zeland, it is widely celebrated but it not an official holiday.

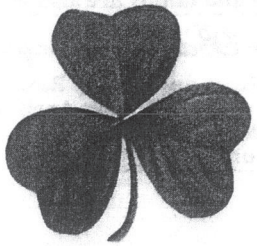

It became a feast day in the Roman Catholic Church due to the influence of the Waterford-born Franciscan scholoar Luke Wadding in the early part of the 17th century and is a holy day of obligation for Roman Catholics in Irelend. The feast day usually falls during Lent; if it falls on a Friady of Lent (unless it is God Friday), the obligation to abastain from eating meat (usually corned beef) can be lifted by the local bishop. The date of the feast is occasionally, yet controversially, moved by church authorities when March 17th falls during Holy Week. This happeed in 1940 when it was observed on April 3rd, in order to avoid it coinciding with Palm Sunday and happened again in 2008 having been observed on March 15th. March 17th will not fall during Holy Week again until 2160.

Who is St Patrick anyway? He was the patron saint of Ireland. But for all his celebrity, his life remains somewhat of a myster. Many of the stories traditionally associated with St Patrick, including the famous account of his banishing all of the snakes from Ireland, are false, the products of hundreds of years of exaggerated storytelling. St Patrick was born in Britain to wealthy parents near the end of the fourth century. Believed to have died on March 1th. Although his father was a Christian deacon, it has been suggested that he probalby took on the role because of tax incentives and there is no evidence that St Patrick came from a particularly religious family. At the age of sixteen, he was taken prisoner by a group of Irish raiders who were attacking his family's estate. They transported him to Ireland where he spent six years in captivity. (there is some dispute over where this captivity took place. Although many believe h was taken to live in Mount Slemish in County Antrim, it more likely that he was held in County Mayo ner Killala.) During this time, he worked as a shepard, outdoors and away from people. Lonely and afraid, he turned to his religion for solace, becoming a devout Christian. (It is believed that Patrick first began to dream of converting the Irish people to Christianity during his captivity.)

After more than six years as a prisoner, Patrick escaped. According to his writing, a voice-which he believed to be God's-spoke to him in a dream, telling him it was time to leave Ireland.....

To do so, Patrick walked nearly 200 miles from County Mayo, where it is believed he was held, to the Irish coast. After escaping to Britain, Patrick reported that he experienced a second revelation-an angel in a dream tells him to return to Ireland as a missionary. Soon after, Patrick began religious training, a course of study that lasted more than fifteen years. After his ordination as a priest, he was sent to Ireland with a dual mission-to minister to Christians already living in Ireland and to begin to convert the Irish. (Interestingly, this mission contradicts the widely held notion that Patrick introduced Christianity to Ireland.)

Familiar with the Irish language and culture, Patrick chose to incorporate traditional ritual into his lessons of Christianity instead of attempting to eradicate native Irish beliefs. For instance, he used bonfires to celebrate Easter since the Irish were used to honoring their gods with fire. He also superimposed a sun, a powerful Irish symbol, onto the Christian cross to create what is now called a Celtic cross, so that veneration of the symbol would seem more natural to the Irish. (Although there were a small number of Christians on the island when Patrick arrived, most Irish practiced a nature-based pagan religion. The Irish culture centered around a rich tradition of oral legend and myth. When this is considered, it is no surprise that the story of Patrick's life became exaggerated over the centuries-spinning exciting tales to remember history has always been a part of the Irish way of life.)
