Number Two Hundred Sixty Five
May / June 2010

Community Event

My Father In Verse: poetry reading and letter writing
When: Friday, June 18 (two days before Father's Day) at 3:30 PM
Where: Carver Country Flowers & Gifts, 109 3rd Street East, Carver, MN 55315
Angela Hunt, local Carver author, will do a reading of some of the poems contained in her book, *My Father In Verse: Working Through the End of Life*. These poems help people face and resolve practical matters and unspoken issues related to their parent relationships. They offer strategies for how to learn to say "I'm sorry", "I forgive you", "I love you" and "Good-bye".
After reading a few poems, Angela will coach the participants on how to write a heart-felt letter to their father that they could deliver on Father's Day. Tea and light refreshments will be served. We hope it will prove to be a very enlightening and satisfying experience.
Cost: $5.00.
Angela Hunt holds a degree in the Psychology of Communications from Concordia University, St. Paul, MN, and wrote this book as a grieving caregiver whose father had recently passed away. She shares her time with her husband of 35 years, her grown children, grandchild, friends, and close extended family. Angela will have her books available for sale at the event.
RSVP by email to carverflowers@gmail.com or by phone at 952-681-7582.
Tell us your name and how many will be attending (whether you're coming alone or perhaps attending with a sibling or your father) . Space will be limited, so contact us soon. A credit card will secure your space, or payment can also be taken at the door.

Fire Truck

The Fire Equipment Committee met on several occasions regarding the replacement of a fire engine. The committee submitted their recommendation for the purchase of a new truck. Motion was made and carried with all ayes by the city council adopting the resolution authorizing the purchase of a new Rosenbauer fire truck through General Safety Apparatus Inc Bidder. The committee had reviewed and discussed extensively options including used and new trucks.

Fire Department

The fire chief informed the council that the department currently has thirty members. The department participated in supporting the Carver Fun Run in Carver. The council was also told of a grant received by the department from Center Point Energy.
The Public Works director also pointed out that the there has been so much patching that the when it rains the water runs across the sidewalks from Broadway to Elm Drive.

Heritage Preservation Committee

The council was told that the Heritage Preservation Committee had been informed of a new Historic Tax Credit. The council was also informed that the members of the committee would be researching the historic records stored at the city hall.

"Yesterday is history, tomorrow is a mystery. And Today? Today is a gift. That's why they call it the present." - Baba Olatunji

Fourth Street Bridge

The Public Works Director reported to the council that there was a section of the 4th Street Bridge that had a failed section below the sidewalk in the southeast corner. New footing was poured after the removal of the sidewalk. It was pointed out that this is a temporary patch. The council was urged to replace the bridge as soon as possible. There are failures in several sections of the bridge. This is serious issue and requires priority from the new administrator to seek funding for this project. Consideration has been given to closing the bridge. The city engineer is closely monitoring the site and recommends continued closure to heavier traffic. A councilmember questioned why the bridge was not being replaced presently. The engineer explained funding required and requirements involved for removal of a historic bridge.

City Planner

The city planner requested the council to choose three dates so that a meeting could be scheduled with Southwest Transit. Upon a date confirmation a special meeting would be called for.

The City planner also requested permission to complete a pre-application for a Livable Communities Grant. Motion was made and carried with all ayes authorizing the City Planner to complete a pre-application for a Livable Communities Grant. Question was asked about what project this grant could be used for if the city were to receive the grant. The funds would be for infrastructure purposes.

The City Planner reported to the council the necessity to extend the preliminary plat approval for Christy's Bluff. Motion was made and carried with all ayes adopting the resolution amending and replacing the resolution approving a preliminary plat for single family lots and right of way on ten plus acres for the development identified as Christy's Bluff. Question was asked if there were any water/erosion problems in the proposed addition. The council was told that there wasn't anything significant.

The council reviewed the approval and denial of an ordinance regarding stormwater and urban run off pollution control. The city planner stated that as part of the MS4 permit the city is required to regulate stormwater and urban runoff pollution, including illicit discharges and connections to the storm sewer system. The planning commission recommended approval of the ordinance. Motion was made and carried with all ayes adopting the ordinance adopting the section of the Zoning Ordinance related to the stormwater and urban runoff pollution control. The planning commission had discussed this ordinance to great lengths.

The city planner reported to the city as a reminder that in the past there have discussion with Carver County to acquire an approximate six and one quarter acre parcel of land between the Union Pacific Right-of-way to the east of County Road #40 to the west. The county in the past had indicated willingness to sell the parcel. The city needs to authorize entering into a purchase agreement to acquire the parcel from the county. Motion was made and carried with all ayes adopting the resolution authorizing the acquisition of real property.

"Face what you think you believe and you will be surprised. " –
~ William Hale White

Steam Boat Days Committee

The council was told that the committee has begun working on designating members duties in preparation for Steamboat Days.

Municipal Utilities

The council discussed the municipal utilities connection frees for the MNDot and Carver County Joint Truck Station Facility located in Chaska. The council was told that the consultant, staff and the mayor have been involved in discussions concerning the request for the City of Carver to provide municipal water and sewer service to the joint MNDot and Carver County truck station facility. Connection fees are governed by City Code and there are not any provisions that authorizes departure from the fees within the code. The consultants have advised that the city needs to charge this facility the fees prescribed by code.

Commercial and Industrial users are charged on the basis of 4 Residential Equivalent Units (REU's) per net developable acre. MNDOT and Carver County are of the opinion that the fees are too high. The City Attorney stated that the City does not have the authority to give MNDOT a deal. This would set a precedent for future developments.

This has become an item of discussion due to MNDot requiring a fire suppression system. By giving the state a deal would not result in any return to the city. The MNDot building is not located within the City of Carver. The council discussed the fees. Comment was issued that if this is a problem for commercial developers then the city should be looking at updating the city ordinance. The city planner stated that this is already in progress. The attorney pointed out that the purpose of the connection fees is to pay for future infrastructure.

Carver Fun Run Results

The 13th annual Carver Fun Run was graced with decent weather, making for a pleasant change.

The Carver Fun Run raises funds for scholarships for the American Diabetes Association's Camp Needlepoint and Camp DayPoint which are summer camps for kids who have diabetes. Camp is held each fall along the St. Croix River and offers tennis, basketball, soccer, archery, a climbing wall, a rope course and horseback riding. The beach is equipped for volleyball, canoeing, sailing, kayaking and swimming. Nutrition activities, blood glucose monitoring and injections/medications are integrated into the camp program. Campers challenge their abilities, make unforgettable memories and meet friends who also have diabetes. Many kids continue into the Counselor-in-Training programs and become camp counselors themselves, serving as role models to their young charges. The camp is staffed with Doctors, Nurses and other health professionals who volunteer their time for this great cause.

The Carver Fun Run has recently teamed up with the Shriner's Children's Hospitals and the Zuhrah Cycle Corp, who provide road guard services for the run and in return share a portion of the money raised which goes to the Shriner's Children's Hospitals transportation fund which provides transportation including Emergency medical air flights for their patients.
The run returned to its traditional date of the first Saturday in May and was met with a windy but otherwise perfect day. Over 300 motorcycles were in attendance and over 200 meals were served at the end of the ride. We rely heavily on our generous sponsors and our dedicated volunteers to make the run successful each and every year. This year the run raised well over six thousand dollars.
Next year's Carver Fun Run will be on Saturday May 7th, 2011. For more information visit www.CarverFunRun.org

Carver Lions

The Carver Lions are sponsoring the RiverSide Rhapsody band concerts and will be serving food and beer at the event. The RiverSide Rhapsody will be on Wednesday on June 16th, 23rd and 30th. The Lions are in their summer schedule and only meet once a month through August. In September the Lions will resume two meetings per month. Remember, they meet the first Wednesday of the month at the Village Hall. This however, does not mean that they are not busy doing things for the City.

"The darkest hour has only sixty minutes." ~ Morris

Funky Minds

Funky Minds is located at 308 Broadway, Carver. Their summer programming schedule begins on Tuesday, June 15, 2010.
You all are invited to join them for free and fun programs! Check out their calendar of events at: http://funkyminds.org/funkyminds_schedule.php or stop by Funky Minds and grab a copy of this month's calendar from their mailbox.
TUESDAYS and THURSDAYS from 10:00am to 11:30am they are offering programs for the whole family. Meet at Funky Minds on Tuesdays and Community Park on Thursdays. You can check their website for meeting locations funkyminds.org.
Please join the Funky Minds email list to receive weekly updates on activities by sending an email to funkyminds@gmail.com."

Trees

Building Department on Use of Diversity on Tree Planting

In 1912, the City of Minneapolis planted over 2,000 American Elms to line its boulevards. These elms were perceived at the time as the perfect tree for urban planting. They were growing extremely hardy, relatively clean, good form and resistant to most diseases and pests.

Along came the 1960's and 1970's in which Dutch elm disease decimated the American elm population. After this catastrophic event, it was recommended to avoid monoculture plantings and instead to plant varieties of trees. Cities, to some degree, followed that suggestion. However, many home owners and developers wanted the perfect tree again. This time the ash tree was chosen. The ash tree is fast growing, extremely hardy, can grow in most soil conditions and until now resistant to most pests. However, in the past ten years the Emerald Ash Borer emerged. So far this insect has destroyed the Ash population in Ohio and Michigan. There is no reason to believe it will not do the same in Minnesota.

The environmental plan of today is instead of choosing the perfect tree; find the right tree for the right place. Why plant a Colorado Blue Spruce when a native Minnesota White Spruce or Fir can do the job? Oaks, Hackberrys, Hickorys, Hawthorns and Ironwood all grow in Minnesota but are often overlooked when landscaping in this state. In selecting a tree those things to be considered are soil conditions, exposure and location to be planted. Do not plant a tree that will grow 40' ft tall under 20' ft Power Lines; do not plant a Spruce where it will encroach in front of stop signs or block views in intersections. Choosing the right tree or planting location can cool your house, block snow and control storm water. Trees can also block undesirable asthetic views, frame desirable views and provide a place to observe nature.

In summary, we must learn from our past horticultural mistakes. Diversity is more natural and in most cases leads to more interesting plantings. Buildings, streets and curbs create straight lines in communities. An important principle of landscape design is to soften those lines. Do not try to find a perfect tree; try to find the right tree.

RiverSide Rhapsody ~ Music Festival

It's official. Summer has arrived. It's time for music in the park. June is right around the corner and the individuals involved in preparations for the event are busy. Wednesday evenings from 6 PM to 8 PM is the Riverside Rhapsody Music Festival. Food is prepared by the Carver Lions. If the weather doesn't want to cooperate with the outdoor plans then the event will be moved indoors to the Carver Village Hall Gym. On June 16th, the band scheduled is 'Canyon Cowboys'. Then on the 23rd the entertainment is provided by "Shalo Lee". And for the finale you will listen to "The Edge Band". Mark your calendars and see you at the park.

Disclaimer

The "unapproved" minutes of the council and the township have been referenced for the purpose of creating this information for residents in the City of Carver and the townships surrounding the city.

Don't try to be different. Just be good. To be good is different enough." ~ Arthur Freed

City of Carver Clean Up Day

The City of Carver Clean up Day is scheduled for Saturday, June 5th, 2010.

Spring is here and it's time for Carver's annual Clean-Up Day. Because of the positive results the past few years, curbside pickup will be used for clean up day in 2010.

Elite Waste Disposal will be doing the curbside pickup on Saturday June 5, starting around 7:00 a.m. Please make sure you bring your items to the curb by that time.

Accepted material for the curbside clean up---

MSW (mixed solid waste) includes individual items under 50 pounds
Regular Household Trash
Furniture (disassembled)
Carpet/pads (rolled securely)
Mattresses/Box Springs
Light Construction Material (NO concrete, bricks, tiles, and shingles)
YWS (yard waste)
Bagged leaves or bundled brush less than five feet in length and three inches in diameter. New Law: yard waste must be in recyclable paper bags

NOT ACCEPTED: Because of new laws, no appliances will be accepted, no electronics (televisions, etc.), no hazardous materials (chemicals or items containing hazardous waste, paints, batteries, waste oil, railroad ties, tires), no air conditioners, water heaters, or household trash such as food.

Larger items (over 50 pounds) and appliances should be hauled by residents to the Carver County Environmental Center at 116 Peavey Road in Chaska). The Environment Center's website is www.co.carver.mn.us.

East Union Elementary School

The end of the 2009-2010 school year is about to end and the East Union School has some fun events planned for their ending of the school year. On June 7th, there will be a Staff Softball Game, on the 8th is the All School Field Trip and then on the 9th is Track and Field Day. Finally on the 10th of June it is the last day of school. Lunch will be provided by the PTO and graduation ceremonies are planned for 2 PM.

Dahlgren Township Announcement

The Dahlgren Township residents and Board of Directors have moved their meeting location as of June 14th to the East Union Lutheran Church Hall. The polling place will also be held at this location. The State primary will be held August 10th at the Church Hall and the General Election will be on November 2nd.

East Union Lutheran Church

A Vintage Photo Party is scheduled to be held at the East Union Lutheran Church on June 26th. Mike and Kathy Coleman from 9 AM until noon are having a photo party and breakfast. Lois Schultstad, a volunteer from the Carver County Historical Society has put in many hours scanning old church documents at no charge for the East Union Church. In return, she is interested in scanning members' vintage photos from before 1950 for use in a book she will write with local author Ruth Tremblay. If you are willing to share with Lois and Ruth any pre 1950's photos or other scannable memorabilia, please bring them on June 26th and enjoy pancakes, home-made maple syrup, and farm-fresh eggs while Lois and Ruth scan your items.

Scott County Fair

Mark your calendars for the Scott County Fair coming up right around the corner. The opening day for the Scott County Fair in Jordan is July 28th through August 1st. Summer is here! More to come with other events too.

"If you don't think every day is a good day, just try missing one." ~ Cavell Robert

Happy Father's Day

Belle Plaine BBQ Days

The Belle Plaine Community and Chamber of Commerce invite everyone to come and celebrate with them at their 52nd Annual BBQ Days Celebration on July 16, 17, and 18th! "It is one of the greatest town festivals in Minnesota. Our success is due to the incredible number of volunteers.

Bar-B-Q Days started its celebration in 1959, where the Chamber voted to sponsor the celebration and gave it the name it still has today. Since 1959, it is estimated that a total of over 270,000 pounds of roast beef has been prepared for the event. The first year, 800 pounds of beef was roasted and they had 50 pounds left over. Today, we prepare NO LESS than 7,000 pounds of beef; enough to make about 18,000 beef sandwiches. That's a lot of beef! The biggest change that Bar-B-Q Days encountered was the relocation of the event from downtown Belle Plaine to South Park. With this change, the number of people attending the event has increased over the years."

MN Valley Electric Cooperative

The MN Valley Electric Cooperative is cordially invited members to their 73rd Annual Meeting and Member Appreciation Day on June 16th. Times are 4:30PM to 8 PM. Registration, Chicken Dinner, Children's Activities, and then their Business Meeting. Their highlighted events include the MN Raptor Center, Scott County Master Gardener tours, face painting, balloons, prizes, exhibits, Scott-Carver Thresher's, New Prague Auto Group, McGruff the Crime Dog and Safety demonstrations. So for those of you are members to the coop, be sure to mark your calendar and participate in the fun. It's quite an event and you would be surprised how many people you will know when you walk around and check everything out. Don't forget too, they are encouraging bringing along a non-perishable food item for the food shelves.

Community Events Calendar June 2010

June 2nd - Lions Meeting
Happy Anniversary Kerry and Kathy!
June 3rd - Fire Drill Night
