Number Two Hundred Sixty Seven
July / August / September 2010

Carver Bridges

The council discussed the city purchasing the Main Street RailRoad Bridge. Immediate action was necessary to purchase the Main Street Rail Road Bridge from the Union Pacific the council was told by the administrator. The city planner told the council that a 'Memorandum of Agreement' would be drafted for the upcoming meeting.

The mayor told the council that it was his wish to move forward with the study for rehabilitation of the Fourth Street Bridge in order to receive state funding. The administrator stated that a meeting has been scheduled to discuss the issue further with State Historic Preservation Office representative.

The council discussed consideration of authorizing a Restoration study. The city engineer reviewed with the council that the 4Th Street Bridge is an historic stone arch bridge built in 1885 according to MN Dot records. The bridge also contributes to the city's historic district. Various repairs have been required during the past years. A weight restriction has also been placed on the bridge. The council discussed the estimated costs for a restoration/ Rehabilitation feasibility study for the 4th Street Bridge. Motion was made and carried with four ayes and one nay authorizing the city engineer to prepare the restoration/Rehabilitation study for the bridge. One council member was not in favor of the project but felt that it would a mistake to not attempt to get state funding. Another council member stated that it was a mistake to spend money on funding that may never come.

The city engineer reviewed with the council that the 4th Street Bridge is structurally deficient. He further explained that if state funds are used for this historic bridge project, then a review of the project is required by the State Historic Preservation Office. Also, the US Army Corp of Engineers permit would be necessary for construction disturbance of Spring Creek. This permit triggers Federal Section #106 requirements that require the Corp of Engineers involvement in the review process of historical bridges. Based on the work taking place on the Main Street Bridge, a rehabilitation study will be required by the State Historic Preservation Office and the Corp of Engineers as part of their review of the work on the 4th Street Bridge.

The costs of a rehabilitation feasibility study for the bridge were estimated depending upon the initial findings that will occur from a geometric survey for street alignment alternatives and a detailed rehabilitation inspection that would be performed at the early stages of the study. The council reviewed the budgeted amount of money for preparing a rehabilitation feasibility study related to the bridge.

A discussion occurred with the city attorney concerning whether or not the city could remove the 4th Street Bridge. The attorney stated that it may be possible to change the City Historic Ordinance. One council member stated that it didn't make economic sense to spend so much money on replacing a small bridge. Another commented in agreement that there should be a means to replace the bridge sooner than 2012. Another opinion stated that the money should not be spent and other avenues explored for replacement.

The administrator suggested more information be sought and possibly mediation with the State Historic Preservation Office. The engineer agreed that the staff could conduct additional research and discuss the information in the future.

2011 City Budget

The council discussed and reviewed the preliminary 2011 city budget. The administrator highlighted specific changes compared to the 2010 budget. Request was submitted to check into insurance coverage's for better rates. Discussion was held concerning an additional city vehicle for the Park and Recreation Department. Also reviewed was adding additional patrol coverage from the sheriff's department.

The mayor indicated that it would be very nice to have the city hall open for a couple of hours during SteamBoat Days for public tours.

At a special meeting, the administrator reviewed proposed changes to the Preliminary Budget including request for re-enactment of the program for low interest/no interest loans to business and property owners for renovations to businesses and properties. Also discussed was the addition of patrolling. Administrator pointed out that plan is being worked on with some other cities.

The council discuss proposal for purchase of a vehicle for the Parks and Recreation supervisor. Suggestion was submitted as an alternative to purchasing a car allowance, plus mileage for use of personal vehicle. There was a lengthy discussion of pluses and negatives and resolution for a vehicle for the supervisor. Another alternative was to schedule vehicle usage for the supervisor. Compensation was inevitable.

The council discussed second meeting/work session schedule for the council. The second meeting schedule should be continued was one opinion and cancellation of work sessions if not necessary. There was also discussion of scheduling an open forum. This issue would be discussed again in the future. One councilmember was of the opinion that the open forum should be scheduled for the second meeting in November. Suggestion was also submitted to conduct a different forum agenda be held and have the administrator conduct the meeting.

The council reviewed the Financial Management Plan. The city has had this ongoing management plan since 2006 which is updated regularly. Comment was made that it would be a good idea to review this plan prior to the yearly budget process. Questions were asked regarding the equipment requests in the plan. Specific items should be discussed at the work session.

Vision 212 Grant

The council was presented with a letter from the SouthWest Metro Chamber of Commerce concerning the Vision 212 project. The SouthWest Metro Chamber of Commerce has been identified a HUD grant assisting the organization in the next phase of the project. Requests are submitted for donations to fund the grant writer and administrative fees. The mayor commented that he would like to see the affected cities work together on this project.

Prosecution Services

The Carver County Attorney presented a Power Point Presentation regarding Prosecution Contracts, a 2010 Contract Summary and the 2011 Projections. The council questioned fine revenues, case load increases, and statistics. Motion was made and carried with all ayes approving the Prosecution Contract with Carver County.

Carver Interceptor Update

The council was updated on the work in the in the downtown area for the Carver Interceptor project titled "Segment A". The downtown area was complete and then discussion was held on the anticipated work for August. Work at the Spring Creek area would be done when the gas main was shut down for several weeks. The question was asked about time schedule for the road to be open and it was hoped that it would occur before winter. The mayor pointed out that the discussion involved 'Segment A" and that "Segment B" would involve work from the Depot to County Road #61 anticipated to last most of next year. Comment was made that this has not been an easy project commending the engineers and thanking the site inspector, Mike Hirsh the representative from Bonestroo, for his work.

The city administrator reviewed for the council the Carver Interceptor, "Segment B" Alignment. The Metropolitan Council Environment Services and the City of Carver have been working under a Construction Cooperative Agreement for the construction of the Interceptor Project. This interceptor will provide access to the regional sanitary sewer system of the Metropolitan Council Environment Services (MCES). 'Segment A' is expected to be completed in the fall of 2010 with the final bituminous lift placed in the spring of 2011.

The Metropolitan Council Environmental Services has been working to obtain right-of-way or access for 'Segment B' via the Union Pacific Railroad corridor. The Union Pacific currently is in the process of abandoning the corridor through the Surface Transportation Board (STB). A joint powers group was created in an attempt to collectively work on obtaining property rights along the corridor from Scott County through Carver and terminating in the City of Chaska. Negotiating the property acquisition with the Union Pacific has proven to be difficult and time consuming. This has resulted in MCES considering an alternative alignment option for 'Segment B'. In order to remain on schedule for Carver's metro sanitary sewer connection in the fall of 2011, MCES has indicated that they will be considering changing the 'Segment B' alignment to County Road #40. The alignment change would end MCES's participation in the joint powers group. MCES has requested Bonestroo to prepare a proposal for services to provide the necessary engineering for a 'Segment B' alignment along County Road #40.

The council was also told that recommendation has been submitted that the Union Pacific corridor is the preferred alignment for 'Segment B'. However, the complexity associated with the acquisition and the Surface Transportation Board abandonment regulations have increased the likelihood that the project completion would be pushed back to 2012 or beyond. Although there are drawbacks to the County Road #40 alignment, the Metropolitan Council Environment Services alternative ensures that future development would not be hindered due to lack of sewer capacity. One council lmember viewed the railroad corridor as a better option. Another favored the county road alternative preserving the trees and marsh area considered assets to the city. Another view favored the county road option as the railroad option availability was unknown.

The council was updated by the administrator that the Surface Transportation Board has issued their findings that the railroad bridge can be abandoned. The agreement requires some work, however, the city can sign it. The Joint Powers Authority has offered an amount for the railroad corridor and presently waiting on a response from the Union Pacific.

Gilfillan Avenue

The council reviewed scheduling a Public Hearing for the September council meeting to consider the 'vacation' of certain sections of Gilfillan Avenue. Citizen inquired about the proposed vacation of Gilfillan Avenue. The purpose of a Public Hearing was explained on the proposed vacation of the street.

Disclaimer

The "unapproved" minutes of the council and the township have been referenced for the purpose of creating this information for residents in the City of Carver and the townships surrounding the city.

City Planner

The council reviewed the City Planner's report. Inquiry was made regarding potential businesses relocating in the city but concerned about parking. One councilmember inquired about the Development Regulations listed in the report. Progress was reviewed by the council concerning the progress of the Planning Commission, the Heritage Preservation Commission and the Park and Recreation Board regarding city ordinances. The council requested an update on the railroad offer talking about the current status.

The council reviewed with the City Planner the resolution regarding the Livable Communities Goals. Statement was made that in 1995 the city elected to participate in the Local Housing Incentives Account Program for the period of 1995 to 2010. Correspondence was received by participating communities requesting adoption resolution to continue participation along with assigning the affordable and lifecycle housing goals. These goals are generally based on the adopted Comprehensive Plan by the cities. Due to the present general state of the housing market, along with the actual available funding sources for affordable housing, the Metropolitan Council has provided a range of housing units to be provided rather than numbers.

The participation in this program is voluntary. The program allows for the opportunity of potential receipt of particular grants available. The City of Carver has not applied or received any of the specified grants in the past fifteen years. Concerns related to the participation in the program involve whether or not the city adopts and doesn't meet the goals then are there any sanctions or negative impacts? The goals are supposed to be negotiated between the Metropolitan Council and each community. However, these goals have not actually been negotiated but instead have been given to each community. Communities need to adopt those goals into the Comprehensive Plans.

The life cycle goals represented by total units to be constructed were stipulated between the City of Carver and the Met Council after the city filed a formal appeal to the issue system statements and then subsequently authorized the staff to commence litigation against the Met Council due to a refusal to set the appeal for the hearing. Only after commencing that process were the population and housing projections negotiated in the City of Carver's case. Concern was voiced by council members regarding the numbers proposed for Affordable Housing Goals Range and the Life Cycle Housing Goals range by the Metropolitan Council. The city planner pointed out that these numbers have already been approved by the council in the Comprehensive Plan. Motion was made and carried with all ayes adopting the resolution electing to continue participation in the Local Housing Incentives account program under the Metropolitan Livable Communities Act.

SteamBoat Days

Submitted by: Greg Osterdyk

"Steamboat Days Is Right Around The Corner"

The Carver Lions and the Steamboat Days Committee are finalizing the details for the city-wide event which will be held on September 10th -12th, Friday through Sunday. The Events Include:

- Live Music - Including THE JOHNNY HOLM BAND!
- Car Show
- Mini Business Expo
- Burnout Contest
- Parade
- Medallion Hunt
- 5K Walk/Run
- City Wide Garage Sales
- Miss Carver Princess
- Softball / Kickball Tournament
- FIREWORKS!

We will be selling wristbands again this year in the local bars and the Lions Beer tent. Steamboat Days is a volunteer run committee and is possible through the efforts of the Steamboat Days Committee Members, volunteers and community donations. Say Hello to Fall and join us for our town celebration! Please visit our website for details - www.carversteamboatdays.org

Bond Refinancing

The administrator pointed out that traditionally Ehlers provides bond services for the City of Carver. However, another company contacted the city regarding a proposal for bond refunding with a different approach. Northland Securities and Ehlers and Associates presented two proposals. The administrator explained the differences. The distinguishing factor between the proposals is their point of view on negative arbitrage. It was Northlands opinion that the city should move forward carrying negative arbitrage and Ehlers proposal does not agree. Refunding all four bond issues in 2010, the city would lock in a very low interest rate, but also face negative arbitrage. Waiting until 2012 would eliminate the negative arbitrage when two of the bonds are callable, but would also leave the city susceptible to a higher interest rate at the time of the refunding. Request was made to schedule a special meeting to review full presentation from the two companies. Motion was made and carried with all ayes to schedule a special meeting to discuss refinancing.

The council spoke with representatives from the financial consultants. Northland Securities presented background on their company This firm is interested in doing refunding on 2001 General Obligation Sewer and Water Bonds and the 2003 B General Obligation Improvement Bonds, as well as the 2003 General Obligation Fire Stations Bonds and 2004 General Obligation Improvement Bonds. Explanation was given for negotiated sale versus public sale and negative arbitrage.

Ehlers and Associates spoke to the council concerning refunding of the 2001 General Sewer and Water Bonds and the 2003 B General Obligation Improvement bonds. The council was cautioned about refunding the 2003 General Obligation Fire Station Bonds and the 2004 General Obligation Improvement bonds at this time. It was also reviewed the history between the client and the present company along with decisions that have created a good and acceptable financial place. Suggestion was submitted for the city to form a Bond Committee that could make the decision on a good time to go out for bonds.

Renaissance Festival

Does anyone remember how long the Renaissance Festival has been entertaining all of us locally? This is their 40th year. If you have never gone, it's a must see at least once event. If you have gone more than once, then you already know what to expect. The 2010 year opens August 21st and ends October 3rd. They will also be entertaining the crowds on Labor Day and Friday, October 1st. Generally, they are only open to the public on weekends from 9 AM to 7 PM (rain or shine) You can buy tickets on line. Be sure to plan to participate in the long standing tradition by visiting the festival grounds in Shakopee. You will experience one of their themed weekends, sixteen states of live entertainment, live armored jousting, food and drink, over one hundred artisan booths and there is so much more. This year, you don't want to miss the Royal Wedding!

There is the Royal Wedding, the Pet Fest (4th Annual, September 11th and 12th), Festival Friday, Feast of Fantasy and Daily Royal Events. The Royal Wedding invites you to come and celebrate the marriage of King Henry and lady Elizabeth on September 5th. The Crown Stage will present the 1 PM Wedding Ceremony. The toasting of the King and Queen will take place at 3:30 PM at the King Arbor Stage and the reception is from 5:30 to 6:30 at the Queen's Tea Tent.

The themed weekends are the 'Highland Fling' on the opening weekend of August 21st and 22nd. August 28th and 29th feature 'Silk Road: Discover the Riches!' theme. September 4th, 5th and 6th's theme is 'A Royal Celebration'. (The Royal Wedding scheduled for that Sunday) Then on September 11th and 12th is 'Royal Ale Festival'. 'Shamrocks and Shenanigans' is the theme for September 18th and 19th. Can't have a festival without highlighting 'Wine, Chocolate and Romance' for September 25th and 26th. Finally the final weekend theme is 'High Seas Adventure".

Did You Know....

....that in 1870 eighteen year old Gustav Strom was a portrait painter in Carver.

149th Stiftungsfest Celebration

Stiftungsfest, *"A Founders Day Celebration"* and Minnesota's oldest celebration, is held the last full weekend in August, August 27th through the 29th in Norwood Young America, Minnesota.
Highlights include old time and German music under The Big Tent... Friday, Saturday and Sunday. Main Street will be busy with a huge Arts & Crafts Show on Saturday beginning at 9:00 AM. There will be a free children's program on Saturday and Sunday.
A variety of ethnic food will be available including roast beef dinners and the famous hamburgers served in the Pavilion, brats and kraut, ice cream, Schell's 1919 root beer and beer served in the Beer Garden and under The Big Tent.

A men's and women's Softball Tournament will be going on all weekend at the park with teams from the surrounding areas. We have bingo all three days with cash ($) prizes.

Stiftungsfest is a festival celebration of the founding of the town. In English it would be called "Founder's Festival". Every summer there are a number of towns in Minnesota originally settled by German speaking people who celebrate festivals. The music festival in Norwood Young America known as Stiftungsfest" is almost as old as the town itself. It was introduced in the community by the Men's Chorus, an organization that played a very important part in the development of Norwood Young America. The Pioneer Maennnerchor was organized in 1861, the year of the first Stiftungsfest celebration.

Minnesota State Fair

Did You Know: That this year, 2010 the MN State Fair will have been celebrated 146 times? Or that the first fair took place in 1859? With all the events happening in the metropolitan area don't you want to attend the fair? The fair dates are August 26th, Thursday through September 6th, Monday, Labor Day. For your enjoyment compliments of the state fair website is a synopsis of their Fair History for your reading pleasure.

"After four years of territorial fairs, the first Minnesota State Fair was held in 1859 near what became downtown Minneapolis, the year after Minnesota was granted statehood.

"During the fair's early years, the site of the exposition changed annually with stops in Minneapolis, St. Paul, Rochester, Red Wing, Winona and Owatonna. In the 1870s and early 1880s, civic groups from both St. Paul and Minneapolis worked relentlessly to provide a permanent home for the fair in their respective cities. The Minnesota State Fair finally found a permanent home at its present location, midway between the Twin Cities when the Ramsey County Board of Commissioners donated their 210-acre poor farm to the State Agricultural Society, the governing body of the State Fair.

"Secure in its new surroundings, the Minnesota State Fair began to grow. Physically, the fairgrounds blossomed to 320 acres. Architecturally, it is home for many historically significant structures including the Arts Center, Progress Center, Grandstand and Coliseum (formerly known as the Hippodrome).

"An important change in the State Fair over the years has been in the attractions offered to fair visitors. The character of early fairs was dominated by agricultural exhibits and competitions, reflecting its original purpose of encouraging farming in the state. While agriculture is still the primary focus, the scope of activities has broadened to include large-scale entertainment features, technological and industrial exhibits and scores of education and government institutions.

"Since its inception, the fair has been held every year with only five exceptions: in 1861 and 1862 due to the Civil War and Dakota Indian Conflict, in 1893 because of scheduling conflicts with the World's Columbian Exposition in Chicago, in 1945 due to war-time fuel shortages, and in 1946 due to a polio epidemic."

Did You Know....

....that in August 1868 Griggs and Miller had the contract for the bricks at St. Nicholas Church in Carver.

East Union Elementary School

East Union Elementary School will be holding their 'Back to School Night' on Wednesday, September 1st from 4 PM to 6 PM. Students and their parents are invited to visit their classrooms, drop off school supplies, meet teachers and tour the school. School lunch payments will also be available. This is an informal evening and anytime convenient for you is available in the two hour window. Start times for school is the same as last year. School ends at 3:50 PM. Transportation information is handled by the Transportation Department at the District. They can be reached at 952.556.6162. Supply lists are posted on the East Union School website.
Welcome back.

Local Campaigning

City Elections will occur in November. Filing for offices has closed. Two council seats are open and will be elected for four year terms to begin January 1st 2011, expiring, December 31st 2015. The mayoral position is also up for election and is also a four year term. Lots of luck to the candidates. Candidates for mayor are Incumbent James Weygand, Greg Osterdyk and Kenny Schultz. For council member seats, candidates running are Cindy Monroe, Brad Bramigk, Glen Henry, Mike Parker and Mary Williamson.

New Community Softball Field

The council reviewed the need for an additional softball field and the cost of construction. The improvement is inclusive in the amendment to the 2002 Park Dedication Study. The project would be paid with Park Dedication Funds. The city attorney stated that a survey of the park in the area of the proposed ball field needs to be done determining trail location and a portion of the abandoned Gilfillan should be vacated prior to the construction of the ball field. Motion was made and carried with all ayes approving the addition of a Community Park ball field identified as number #4 and authorize a survey of the area. The Park and Recreation Board was in unanimous favor of an additional softball field.

The Park Board and the city staff successfully created plans for a new softball field in the "green field" area of the Community Park. Increased field usage has been duly noted and there was a definite need for additional playing area for regular season games, practices and tournaments. The Carver Community Youth Baseball/ Softball Association alone has seen increased numbers for kids interested in playing. The construction of the field will occur this year.

Center Point Energy Award

CenterPoint Energy representative, Suzanne Pierazek presented to the council the Community Partnership Grant to the Carver Fire Department. The check was presented to the Fire Chief Dan Meyer. The grant is designated for safety equipment and the Fire Department will put the money towards the purchase of a Cascade Rescue Levitator Rescue Transport. Motion was made and carried with all ayes adopting resolution acknowledging the acceptance for the donation.
Congratulations and a Thank you!

St Nicholas SteamBoat Annual Festival

St Nicholas Church invites everyone to come and celebrate at their Annual SteamBoat Festival on September 11th, Saturday from 4 PM until midnight and Sunday, September 12th from 11 AM until 5 PM. Saturday is their Signature Chicken Dinner and Sunday, serving Memphis Style Pork Lunch. Serving begins both days at 4 PM. Also to be found on the church grounds is the silent auction, raffle, country store, food garden, petting zoo, beer garden, Bingo and kids games. Saturday evening, there is Ralph Robert Polka Mass at 7 PM. After mass you can enjoy more music in the big tent.

Park and Recreation Program Book

The new Park and Recreation Program Book is released and available for the public. Be sure to sign up for the Vikings Game bus on November 7th. The Vikings will play the Arizona Cardinals at the Mall of America Field at the HHH Metrodome. Registration includes the bus fare, departing and returning from the Community Park in Carver and the cost of the ticket.

East Union Lutheran Church Country Fare

Mark your calendars and remember to come and attend the East Union Lutheran Church Country Fare! When you ask? Saturday, October 16th from 10 AM to 2 PM. Featuring Crafts, Baked Goods, Antiques, Collectibles, Garden produce and Quilt Raffle. Where do you find all these wonderful goodies? The address is 15180 County Road #40, Carver MN. And don't forget about the Swedish Meatball Luncheon to be served from 11 AM until 2 PM. See you there!

Carver Lions

The Carver Lions are busy getting all ready for their participation in SteamBoat Days. Next month, in September the Lions will resume their winter meeting schedule. They will begin meeting the first and third Wednesday of the month. Be sure to stop in and check out what they are doing and planning for the upcoming year. It's simple to be part of these fantastic events they sponsor, just come to the meeting and see how much fun they have. They meet at the Village Hall. Be sure to stop and tell them 'hello' during SteamBoat Days. They can be found in the beer tent on the main street.

If you are out and about up north, one of the Lions is being cared for at the MN Veteran's Home in Silver Bay. Stop in and say hello. He would sure enjoy the company and the effort. Lowell Peterson is one of the guests at the Veteran's Home. If you don't plan a trip north, drop him a note or call him. There's a toll free number. Here is all the information you need, MN Veterans Home, 45 Banks Boulevard, Silver Bay MN 55614, 1.877.729.8387.

Minneapolis Veteran's Home

Speaking of Veteran's Homes...Don't Forget..If you have a minute, stop by locally and see Gary Diethelm. He is still recuperating at the Minneapolis Veteran's Home and anxious to get home. Visitors are imperative to their recovery too. Gary would love to spend a few minutes reminiscing and talking about local events. The address is: One Veteran's Drive, Minneapolis, MN 55417. Take the time to stop in and visit our veterans recuperating. What would really, really be nice, stop in and tell him Happy Birthday on the 21st of September!

South West Transit

The city council conducted a special joint meeting with the South West Transit Commission at the Commission Chambers. The discussion held involved the potential pros and cons for Carver entering the SouthWest Transit Taxing and Service District. The city planner also reviewed the scope of the Congestion Mitigation Air Quality Grant received by the City of Carver. The staff will work collectively to draft a "Memorandum of Understanding" to outline the future relationship between SouthWest Transit and the City of Carver.

Mills Properties

The council discussed a development planning update concerning Mills Properties. The city planner reviewed the history & progress on this project and reviewed the items required to be completed yet. Question was asked how much the city would be involved in preparing the site to bring this store into the city limits. A cost reimbursement agreement is being negotiated. The engineer talked about the utilities proposed that the city put into place involving the roads, sewer, water, etc. There is an urgency with this project because of the Tax Increment Financing that can be utilized. The deadline for its use is June 2011. The attorney commented that the city has indicated a desire to the Mills project to move forward. With the Tax Increment Financing option presently available, the council should decide if the risk factor is an opportunity the council wants to pursue. The attorney also spoke of Orderly Annexation of the property and financial issues.

Did you Know...

....that in May 1878 the Carver Depot was broken into.

Annual Bazaar - Trinity Lutheran Church

Be sure to stop in at the Trinity Lutheran Church during SteamBoat Days. Saturday from 10 AM to PM and on Sunday from 11 AM until 3 PM, stop in for the Bake Sale, Garden Produce, Canned Goods, Antiques, Embroidered Items, Old Jewelry, Gently Used Books, DVD's, Videos, Toys, Miscellaneous Household Items, Plants, New Items, and Gift Baskets.

Hungry? Lunch will be also be served. The menu includes Sloppy Joes, Hot Dogs, Taco Salads, Beverages, Homemade Pie, Ice Cream and Variety of Chips. See you there!

Steamboat Days 5K Run / Walk

Lace up your shoes and get ready for the 12th Annual Carver Steam-Boat Days 5K Run/Walk. This event starts and finishes at the baseball fields in Community Park in Carver on Sunday, September 12. The course winds through scenic country/residential trails and streets. Don't worry, the big Carver hill is NOT part of the route! This is one of the most inexpensive races in the area with early registration at $15.00 and $20.00 on the day of the race. All early registered runners are guaranteed a T-shirt. Fluids and goodies will be provided to help runners refuel. This is a great way to celebrate Steamboat Days and proceeds support St. Nicholas Church in Carver. Registration begins at 7 a.m. and the race starts at 8 AM. Visit the Carver Steamboat Days website for the registration form: 5K Registration . Contact Stacy Sazama at (952) 448-7528 with questions or if you are interested in volunteering.

Iris Valley

Come and check out all that is new at Iris Valley! Fall is right around the corner, we have some great home interior ideas to spice up your home for the fall.

November 26th - Black Friday Sale - doors open at 8 AM

Happy Belated 50th Wedding Anniversary to

Jerry and Karen!!!!!

Doghouse

The council was requested to transfer the liquor licenses from Sammy's Hideout to the DogHouse. There was a discussion regarding controlling the noise from the business. The new owner stated that the noise would be curbed. Motion was made and carried with all ayes adopting the resolution amendment to liquor license transfer application for the business doing business as DogHouse II contingent on receipt of a certificate of insurance. Motion was made and carried with all ayes approving the transfer of the liquor license for DogHouse II.

Fire Department

The Fire Chief informed the council that the department applied for a FEMA grant. The council was also told that the tornado sirens need to be updated by 2013. The cost estimates were reviewed. As the county updates their paging system, thereby also the sirens will be required to be updated in order for the dispatch to set them off.

The Fire Department also requested authorization to build the light rescue pickup. Parts are needed to be ordered so that the truck can be placed into service for emergency use. Motion was made and carried with all ayes approving outfitting the new light rescue pickup not to exceed stated amount.

Tax Increment Financing

The city planner and the administrator updated the council on the use of tax increment financing. This program is designed to encourage businesses to locate in cities. This program is new and only available for approximately one year. In order for the City of Carver to participate in this program, changes are necessary to the City's Zoning Ordinance. A request is submitted to the city to authorize staring the process. A Public Hearing would be necessary to amend the Zoning Ordinance. Motion was made and carried with all ayes authorizing initiating amendments to the Zoning Ordinance.

Tentative Agenda

City of Carver Council
Monday Evening, 6:30 PM

1) Call to Order
2) Pledge of Allegiance
3) Approve Agenda

Like the MN Twins!!
Or the Minnesota Vikings!!
RIDE THE BUS WITH US

Don't want the hassle –

of driving downtown? Parking? traffic?

Cuzzy's has the perfect solution for you!!!!!

CUZZY'S BRICK HOUSE

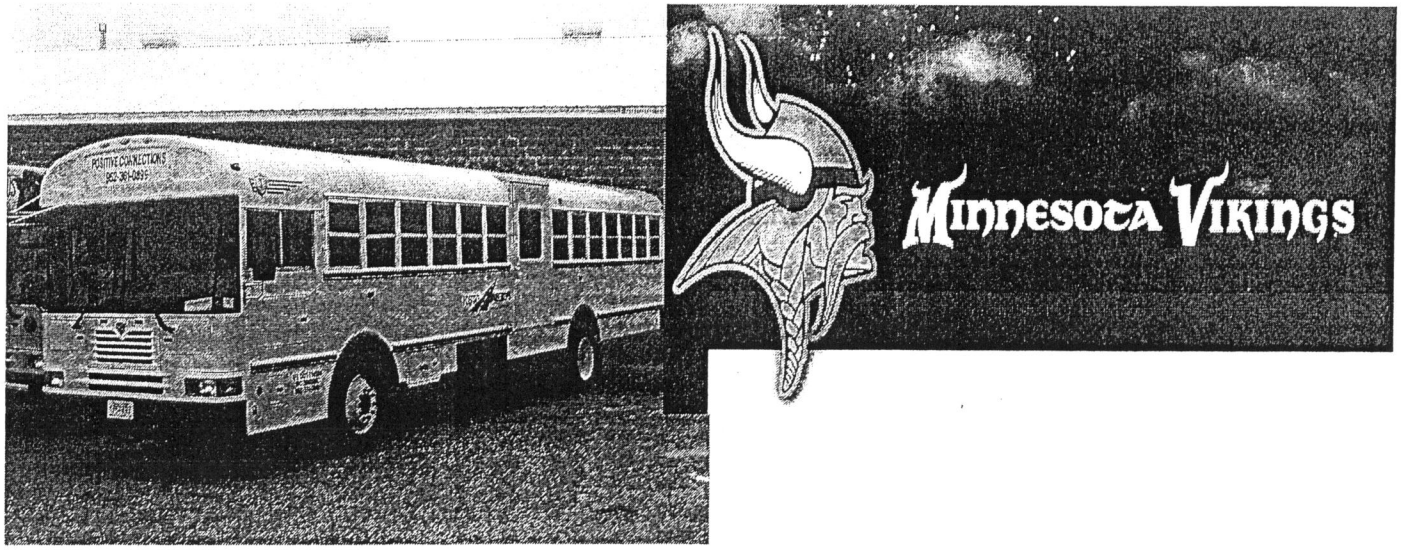

Take the bus from Chaska's Cuzzy's Brickhouse to Cuzzy's Bar and Grill in Minneapolis!
Xtra perks and no hassle!!!!
Got your attention?

Cuzzy's Brickhouse on Chaska Boulevard (old Highway #212) is offering bus service to the Twins home games at the new Target Field in downtown Minneapolis and to the MOA Field at the HHH Metrodome for the home Minnesota Vikings Games.

You can sign up at Cuzzy's and one hour prior to the start of the games, the bus is scheduled to depart from Cuzzy's Brickhouse in Chaska for Cuzzy's Bar and Grill in downtown Minneapolis (507 North Washington Avenue).

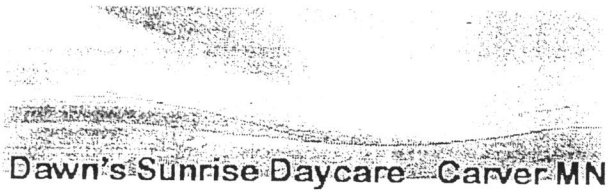

The bus will return one hour after the end of the games. The $ 10.00 Ticket (per person) includes a free drink of your choice and a drawing for prizes on the bus! You can't justify driving down for this cost and how can you turn down such a deal? (price of the game ticket not included)

Where do you sign up? Cuzzy's Brickhouse in Chaska, (952) 448-5594)

(Services provided by Positive Connections, 460 Hickory Street, Chaska MN 55318 952.361.0899)
